

ENLISTMENTS ONLY FOR WAR PERIOD

Secretary Baker Makes Announcement After Con- ference With President

NOT A COMPROMISE PLAN

Action Places On a Volunteer Basis All Men Enlisted Since War Declaration

TABULATE FORCES

WASHINGTON, April 12.—All men enlisting in the regular army or the national guard in the present emergency were assured, in an announcement by Secretary Baker today, that they would be kept in service only for the period of the war. The action followed a conference between the secretary and President Wilson.

Puts Men On Volunteer Basis.

In effect this places on a war time volunteer basis all men enlisted since the state of war was declared. This makes available a total of 517,868 places in the enlisted grades of the two services to men who wish to serve for the war only. Mr. Baker laid stress on the fact that this action was contemplated when the administration bill was framed and was in no way to be construed as a compromise plan, reached as a result of opposition to the draft feature of the bill. In fact the secretary pointed out that the net result of the application of the war enlistment plan would be to leave the nation without an army of any sort, regular or national guard, if the war lasted beyond the enlistment terms of men now in those services. The whole force would then be discharged, and the administration apparently expects that a new peace time military policy, founded on universal service will have been enacted by that time. It has been emphasized that the administration war army bill is only an emergency measure.

Stands Firmly for Bill.

"I stand firmly and unalterably in support of that bill," Secretary Baker said, "without modification of its least detail."

Hearings on the bill continued before the house military committee today and it was decided to hear the last witnesses Saturday. The administration leaders hope to have consideration in the house under way next week.

Following is the tabulation by the war department of the forces proposed to be organized in the bill, so arranged as to show the exact number of volunteers, to serve for the duration of the war only for which provision is made in both the regular army and the national guard:

Regular army, exclusive of Philippine scouts, at war strength with all increments added 233,000
Present strength 131,481
Volunteers required 161,519
National Guard, including only units now organized:

At war strength 329,954
Present strength 123,465
Volunteers required 206,349
Additional:

To replace 150,000 officers and men withdrawn from above force as training personnel for the 500,000 selective conscripts 150,000
Total number of volunteers for war service only 517,868

Will Create More Vacancies.

In addition to these figures the discharge from the regular army and National Guard of men with dependent relatives and for other causes will create additional vacancies which will be filled by volunteers.

Under the law, the full enlistment requirement of six years in the national guard and seven years in the regular service, must be signed by all men taken into either service. The pending bill provides specifically for duration-of-the-war enlistment contracts, but this cannot be applied until congress acts. To meet the immediate situation the secretary has directed that recruiting of men accepted during the emergency that the contracts will not be enforced against them, but that they will be honorably discharged at the close of the war.

The question of taking in additional increments of national guard beyond those already organized has not been determined. One reason against such a step is that the result would be merely to increase the shortage of officers as every regiment created means new officers.

During the day the war department called into the federal service for police protection purposes nine regiments, a separate battalion and a separate company of infantry and seven companies of coast artillery. Six of the artillery companies are California guardsmen. It is understood they will serve as infantry.

SEND KOLB TO PRISON

Jersey City, N. J., April 12.—Fritz Kolb, a German convicted of having bombs in his possession, was today sentenced to not less than three years and four months nor more than five years in state prison.

REPORT BRITISH SHIP SUNK OFF CUBAN COAST

Member of Crew Brings Story To Key West

States Vessel Was Sunk by Bombs Placed Aboard by Crew of German U-Boat—Crew in Boats Four Hours Before Being Picked Up.

BULLETIN.

BUENOS AIRES, April 12.—The newspapers print a report that the Argentinian transport Pampa has been sunk by a German submarine. Another report is that the Argentinian sailing vessel Oriana has been sunk by a German raider off the coast of Brazil. There is no official confirmation.

Key West, Fla., April 12.—The British sailing ship Trevelar was sunk by a German submarine off Cienfuegos, Cuba, four days ago and all hands landed at the Cuban port a few hours later, according to C. Peterson, a member of the crew, who arrived here from Havana late today. Peterson claims to be a naturalized American of Norwegian birth.

The vessel was sunk by bombs placed aboard by the Germans, Peterson declared. The Trevelar, a full rigged sailing ship, was proceeding from Jamaica to Cienfuegos for a cargo of sugar for Quetzalton.

Soon after the submarine was sighted off Cienfuegos, the Germans launched a canvas boat and two officers and six armed men came aboard the Trevelar giving the crew ten minutes to take to their boats.

When the small boats had cleared the ship the Germans placed bombs forward and aft and destroyed the vessel. The crew of the Trevelar was in the boats four hours before being picked up by a tug and towed to Cienfuegos.

Peterson declared Cuban papers refused to publish an account of the sinking "because it might do the country harm." He said he learned that the rest of the crew took passage for England aboard a vessel belonging to the Haines Steamship company.

There is no British sailing ship Trevelar in available maritime records, but there is a British steamer of that name. Her recent movement have not been published.

INDORSE UNIVERSAL MILITARY TRAINING

Progressive Party's National Convention Includes Plank in Platform

St. Louis, April 12.—Universal military training was indorsed in the platform adopted at the Progressive party's national convention here today.

The section devoted to national defense urges "a compact among nations to dismantle navies and disband armies" but recognizes the present necessity of maintaining an effective army and navy for defensive purposes and adds:

"We abhor the militarism which leads to aggressive warfare and advocate as an antidote therefore the Democratic principle of universal training so applied as to distribute the responsibilities of service equally among our citizens." The platform also declared in favor of National Woman's suffrage, prohibition and in the initiative, referendum and recall.

A number of other planks adopted by previous conventions were also embodied in the platform.

SUBMIT ILLINOIS U.

PLANS TO BAKER

Washington, April 12.—Plans of University of Illinois officials to have an army of agricultural workers to replace those taken by army enlistments were submitted today to Secretary Baker, Chief Howard E. Coffin, of the Council of National Defense; Senator Simmons, chairman of the finance committee and Representative Lever of South Carolina, chairman of the agriculture committee by David Kinley, vice-president of the University.

The plan proposes to take into the agricultural army men who are above military age; those of military age but physically incapacitated and boys between fourteen and nineteen for farm work during the summers. The plan is to regularly enroll all such, give to those who do farm work on government lands the regular army pay and those who work on private farm lands under federal supervision going wages.

INSTRUCT CHIEFS IN WAR-TIME DUTIES

CHICAGO, Ill., April 12.—Chiefs of police of cities of Northern Illinois and Northern Indiana met with Hinton G. Clabaugh of the federal bureau of investigation here today and were instructed in certain war time duties.

These include the confiscation of weapons or any war-like material in the hands of alien enemies.

RUSH FOR LICENSES

GRADUALLY DECREASES

Chicago, April 12.—Four hundred and fifty-seven marriage licenses were issued at the license bureau today. The rush which began several days ago, according to the clerks on duty in the bureau has gradually decreased because of the antagonism of the applicants to avoid military responsibility. On Monday the record 1,138 licenses were issued.

TWELVE STUDENTS TO ENLIST

Lincoln, Ill., April 12.—Twelve students of Lincoln college left here this afternoon for Springfield to enlist in companies of the Fifth and Sixth Illinois Infantry.

ALLIED ADMIRALS VISIT WASHINGTON

Hold Conference With Secretary Daniels and Admiral Benson

TO TAKE OVER PATROLS

First Step of U. S. Navy Will Be To Take Over Atlantic and Caribbean Paths

CAME ON FLAG SHIPS

WASHINGTON, April 12.—Vice-Admiral Browning of the British navy and Rear-Admiral DeGrasse of the French navy, conferred today with Secretary Daniels and Admiral Benson, chief of operations, on co-operation between the allied navy for the conduct of the war. Both foreign commanders came to the United States on their flagships.

The first step by the United States navy in taking up its part of the war operations will be to take over the Atlantic and Caribbean path patrols, hitherto maintained by British and French ships. No announcement of the results of the conference was made.

Eventually American ships probably will relieve those of the allies in all North and South Atlantic waters on this side of the world. Protection would be furnished under that plan for the Canadian coast and also for British oil tankers plying to ports on the Mexican and South American coasts.

There are indications, however, that the United States does not now contemplate any hard and fast agreement as to the measures of co-operation. What is done will be determined by the needs of the situation and the ability of the navy to carry out a particular part in the program.

Believe Men Gave Information.

It is assumed the visiting officers furnished much first hand information as to the steps the entente powers have found most effective in dealing with the submarine peril.

It was said the officers came primarily for conferences with the entente ambassadors but it is expected much of their time will be spent in conference at the navy department.

Arrangements to patrol vigorously the approaches to the chief American harbors have been made and will be carried out by American ships.

Expected Blockade Announcement.

It has been expected Germany would formally announce a submarine blockade of Boston, New York, the mouth of the Delaware, the mouth of the Chesapeake, Charleston and Savannah.

Unless a blockade is declared, in line with her previous action, Germany would be under the necessity of giving warning before attacking merchant craft under neutral flags.

Many navy officers doubt that any considerable number of German submarines can be spared from the task of blockading the British Isles for work on this side of the Atlantic. Sporadic operations within such prescribed areas are looked for, however, and no precaution to guard against them will be overlooked. The conference with the visiting officers has dealt with many subjects. It is understood that not only will naval bases and other British and French ports on this side of the Atlantic be opened to American naval vessels but that whenever need arises ports along the French and British coasts will be placed at their disposal.

PLAN TO REDEEM MEN FOR WAR DUTY

CHICAGO, April 12.—A plan to redeem for war duty hundreds of men in Chicago who have lost all physical stamina through over-indulgence in alcohol was made public today by Herman Schuetzler, chief of police. At a meeting of police captains, Chief Schuetzler outlined a series of raids on saloons and cheap lodging houses in the downtown district. With the cooperation of municipal judges, it is planned, to send the men taken to the Bridewell for treatment and work which will fit them for places on the farms, in the factories and the army and navy.

SWEDISH KING SEES AMERICAN MINISTER

STOCKHOLM, April 12.—King Gustave today requested Ira Nelson Morris, the American minister to come to the palace where he remained three quarters of an hour in an informal conversation. The king's utterances were made in confidence but Mr. Morris asserted that the conference was largely devoted to a discussion of important subjects affecting Sweden and the United States particularly with reference to the entry of the United States into the war.

CAPPER TO NAME COMMISSION

Topeka, Kans., April 12.—Governor Capper announced late today he would appoint a commission immediately to take up the organization of Kansas for increased food production.

WAR NEWS SUMMARIZED

In spite of rain and snow and a forty mile gale, the British troops in France have again delivered telling blows on the German line southeast of Arras and to the north on the portion of Vimy ridge in the hands of the Germans. The bad weather has extended to the front held by the French and Thursday saw no activity there except reciprocal bombardments.

The latest British gain southeast of Arras gave them the village of Heninel and Wancourt and adjoining defense works and also permitted them in this region to cross the Coteur river and take the heights on the east bank of the stream. The Canadians kept up their good work on the Vimy ridge and made additional progress in clearing it of the enemy. The Berlin war office admits the capture by the British of Monchy-Le-Preux Wednesday, but says attacks north of the village and on Vimy and Fampoux were repulsed with heavy casualties. Of Thursday's fighting the German official communication said British attacks near Souchez and Fampoux failed. It adds that twenty-four British and French aircraft were lost on the Western front Wednesday. Comparative quiet prevails in all other theaters.

The capture has been considerable war activity on the Austro-Hungarian front and in Macedonia from Monastir and the Cerna river.

Holland will continue to maintain her policy of armed neutrality according to an address by the Dutch Premier in the first chamber of parliament.

"We suffer from the submarine war and blockade policy," said the premier, "but we do not deviate from our policy of strict neutrality and readiness to defend our soil against anyone attacking us."

Unofficial advices from Switzerland and information reaching Washington are to the effect that Austrian and Berlin representatives are making efforts in Switzerland looking to peace.

WELFARE CONVENTION OPENS IN SPRINGFIELD

Strenuous Sanitary Program to Insure Health of Illinois Troops Is Brought to Address—Tuberculosis Army Menace.

Springfield, Ill., April 12.—Active plans to combat tuberculosis which, it is declared, reaches scourge proportions under war conditions will be set on foot at the present session of the Illinois Public Health and Welfare Association. It was announced at the banquet here tonight.

As the result of an address by Dr. George T. Palmer of Springfield, president of the association, this morning in which he urged measures to prevent the development of the white plague when Illinois troops are mobilized here, Dr. James W. Pettit of Ottawa, secretary of the State tuberculosis association, called a meeting of the executive committee for 12:30 o'clock tomorrow afternoon to initiate an anti-tuberculosis campaign.

Dr. Palmer in his address said tuberculosis had increased in Europe by almost fifty percent since the war and that soldiers, subjected to the rigors of war, developed the disease in large numbers.

"Unless we take measures to fight the plague, the United States will soon be suffering in the same way," Dr. Palmer said.

At tonight's meeting Dr. C. St. Clair Drake, named by Governor Lowden to continue as head of the new department of health, explained the plan of the department and said the aim would be to help rather than to regulate.

Dr. John Dill Robertson, health commissioner of Chicago and Dr. W. A. Evans, also of Chicago, made addresses.

The session will continue tomorrow morning.

VETERANS ROAR APPROVAL OF STAND

QUINCY, Ill., April 12.—Nearly one thousand veterans of the civil war, members of the Illinois Soldiers and Sailors Home here, last night roared their approval of the stand taken by the government in declaring war upon Germany. Resolutions in support of the government were adopted.

Unanimous demands to "throw 'em out" greeted the announcement of Superintendent John E. Andrews that reports had reached him that two members had expressed disloyalty to the United States. Women members of the home lent local color to the meeting by waving small American flags.

In response to inquiries as to where the submarines were operating Captain Gilman issued this statement:

"Reports from various sources which appear credible indicate that submarines are in the Pacific probably off the Mexican coast."

DENIES HE RECEIVED NEWS

Mexico City, April 12.—Antonio Agacae, Chilean minister to Mexico, denied today he had received any news of the concentration of German reservists in Chile for service in Mexico against the United States. Senor Agacae said the possibility of any such concentration was most doubtful.

ATTEMPT TO SOUND ENTENTE ON PEACE

Austrian and Bulgarian Envoys Try to Approach Diplomats in Switzerland

MARK STEP IN LONG ROAD

Officials Believe Efforts Do Not Offer Hope of Negotia- tions in the Near Future

ATTRACT INTEREST

WASHINGTON, April 12.—Austrian and Bulgarian representatives are endeavoring to approach entente diplomats in Switzerland on the subject of peace.

Press despatches today representing Bulgarian efforts in this line developed the fact that it is known here not only that Bulgaria has taken soundings but also that there has been similar action in the name of Austria-Hungary. Whether the two countries are working separately or together is not known, nor has any reference been made to the attitude of Germany or Turkey.

See Expression of Weariness. Officials here see in the Austrian and Bulgarian action merely an expression of weariness with the war and anxiety to bring it to an end without, however, involving any indication of desperation on their part which would make them propose terms acceptable to the entente.

A recent dispatch is every evidence that the informal efforts now being made mark merely a step in the long road that will eventually lead to peace and do not offer hope of real negotiations in the near future.

This opinion is strengthened by the fact that the entente diplomats have not accepted the suggestion made to them for private conversations but have indicated that they will not go into any such discussion blindfolded. They have left the impression that they stand on the general principles enunciated by their government that the entente nations will not enter a peace conference until their enemies have made public their terms. Independent soundings by Austria and Bulgaria, even if entirely tentative, have attracted interest here, however, as showing the dissatisfaction of those two governments with the course of the war and their apparent anxiety to negotiate directly and not thru the medium of Germany.

The recent public statement of Count Czerni, Austrian minister for foreign affairs that the central powers still stood ready for conference and the widespread comment upon it in the press were interpreted here to indicate a growing desire for peace in the central empires. Similar statements by Bulgarian leaders strengthened this viewpoint.

Scheidmann Leaves Denmark. Copenhagen, April 12.—Via London.—The mission of the German Socialist leader, Philipp Scheidmann, had been anticipated, led him to the Scandinavian capitals to confer with the Socialist leaders who are endeavoring to mediate between the Russo-German Socialists with a view to bringing about peace.

Herr Scheidmann's visit to Copenhagen was managed with much care that his presence here was unknown here except to his hosts until after his departure for Germany yesterday.

Herr Scheidmann came here from Stockholm. So far as is known he met no Russians.

A despatch from Copenhagen April 9 said an announcement had been made in Berlin that Herr Scheidmann, head of the majority Socialists in the reichstag had left Germany on "a mission."

The nature of the mission was not specified but there was reason to assume it involved an attempt to open communication with the Russian Socialist and social revolutionists who favor an immediate peace.

WHITE STATES HE WILL NOT PAY FINE

NEW YORK, April 12.—Bock White, pastor of the Church of the Social Revolution who will complete a 30-day sentence tomorrow for desecrating the American flag, announced from his cell today he would not pay the fine of \$100 also imposed. He said he would serve a day for every dollar. Since his confinement in the Tombs it has been the duty of White and two of his companions sentenced on the same charge to raise the Stars and Stripes every morning over the entrance of the prison.

SIGHT SUBMARINE NEAR KEY WEST, FLORIDA

Havana, April 12.—According to a passenger arriving here this evening on an American steamer from Key West a submarine was sighted about 25 miles from Key West. The passenger stated the submarine immediately submerged and her nationality could not be ascertained.

AUTHORIZES LIBERTY LOAN

Petrograd, April 12.—Via London.—The provisional government has authorized the finance minister to issue a "liberty" loan to an unlimited amount at five per cent.

INDICT SIX NEWSPRINT PAPER MANUFACTURERS

Federal Grand Jury Charges Violation of Sherman Law

Six Paper Makers and One Banker Alleged To Control 55 Percent of Print Production of Country—Issue Bench Warrants and Fix Bond At \$5,000.

New York, April 12.—Charged with controlling 55 percent of the newspaper paper production of the country and using their power in restraint of trade in violation of the Sherman anti-trust law, six paper manufacturers and a banker prominent in financing newspaper paper companies were indicted by the federal grand jury here today.

Names of Men Indicted. Five of the manufacturers constitute the executive committee of the newspaper paper manufacturers' association whose secretary, George F. Steele, the indictment says, was not named as a defendant in view of the fact that he appeared as a witness before the grand jury. The men indicted are George E. Mead, Philip T. Dodge, Edward Backus, George Chahoon, J. G. H. P. Gould, Frank J. Sensenbrenner and Alexander Smith, a Chicago banker.

Mead is chairman of the executive committee of the Newspaper Paper Manufacturers' association and president of the Spanish River Pulp and Paper Mills, the Lake Superior Paper company and of the G. H. Mead company of Dayton, Ohio. The concerns of which Mr. Mead is president or selling agent have a daily output of approximately 670 tons of newspaper paper. It is alleged.

Dodge Heads International. Dodge is president of the International Paper company with a daily production of 1300 tons and an unused capacity of 500 tons more.

Backus is president of the Minnesota and Ontario Power company and the Fort Francis Pulp and Paper company, with a capacity of 350 tons.

Chahoon is president of the Laurentide company and manager of the Canadian Export paper company, a selling company alleged to control the sales between the Dominion of Canada and the United States, with an aggregate output of 800 tons a day.

Gould is president of the Gould Paper company, the Donnacona Paper company and formerly of the St. Regis Paper company, controlling an output of 330 tons a day.

Sensenbrenner is vice-president of the Kimberly Clark company said to control an output of \$1 tons daily and facilities for 145 tons more.

Term Smith "Leading Banker." Smith is described as a "leading banker in the United States in the flotation and sale of securities of newspaper manufacturing companies." Interested largely in the Minnesota and Ontario Power company, the Spanish River Pulp and Paper company, Ltd., the Lake Superior Pulp and Paper company and the Amittibi Power and Paper company.

All but the last are members of the Newspaper Manufacturers' association executive committee. Bench warrants for the defendants were issued and bail fixed at \$5,000.

The investigation was stated by Bainbridge Colby, who served as special assistant to the United States attorney general was undertaken by the department of justice in February at the "request of the federal trade commission."

Subsequently the commission and the manufacturers reached an agreement in respect to prices.

LOWDEN CONFERS WITH ADVISERS

Governor Will Have Statement to Make Later—Conferees Presumably Relative to Food Conservation

Springfield, Ill., April 12.—Governor Lowden spent most of the day in conference with a number of his advisers, presumably in consultation of questions relating to the conservation of the food supply in Illinois. He said he would have a statement to make later.

The morning the governor went to the office of Adjutant General Dickson where he spent an hour discussing the food situation. This afternoon conferences were held in private quarters on the first floor with General Dickson, Lieutenant Governor Oglesby, Speaker Shanahan, Representatives Shurtleff of Marengo and Charles Woodward of Ottawa who drafted the consolidation bill.

All those present declined to discuss the subjects under consideration, but did not deny that the conservation of Illinois food resources was their topic.

The general belief was that some form of drastic legislation is being prepared which will enable Illinois to meet the shortage of farm labor and produce an abundant grain crop even if it is necessary to draft men for the work.

WET FORCES CONTEST SPRINGFIELD ELECTION

SPRINGFIELD, Ill., April 12.—"Wet" forces here today filed a contest suit in the county court attacking the legality of the local option election in Springfield on April 3, when the town was voted "dry."

The grounds alleged are: That women were not legally entitled to vote on the issue, that five propositions were voted on at the same election in violation of the public policy statute, and that many of the signatures on the petitions were illegal.

The hearing was set for April 19 before County Judge Weaver.

BRITISH PREMIER WELCOMES AMERICA

States Entrance of U. S. Gives Final Stamp to Character of World War

AROUSES ENTHUSIASM

Lloyd-George Warns United States to Avoid Errors Committed By the British

GIVE DINNER TO PAGE

LONDON, April 12.—As the first British prime minister to salute the American nation as comrades in arms, David Lloyd George, England's great Democratic leader, speaking before a notable assembly brought together by the American luncheon club today, aroused enthusiasm by his scathing denunciation of Prussia and his warm welcome of America as an ally in the war.

"The advent of the United States into the war," he said, "gives the final stamp to the character of the conflict as a struggle against military autocracy throughout the world."

Observe Entrance of America. It was a stirring day, for the taking up of arms by America was celebrated by two notable assemblages, one under auspices of the American luncheon club and the other a dinner by the Pilgrim's club in honor of the American ambassador, Walter Hines Page, Viscount Bryce, the former ambassador at Washington, presided at the dinner to Mr. Page and delivered an eloquent oration.

Premier Lloyd George, always forceful and epigrammatic, was never in finer form, and his ringing words struck a responsive chord among those who had met to cheer. There were toasts to the president of the United States and the king of England and a wonderful display of rejoicing over the sealing of the bond of friendship between the United States and England and France and the other allies in the acceptance of America of the gage of battle.

Great Fight for Liberty. "The United States of America of a noble tradition, never broken, never have engaged in a war except of liberty," declared the premier. "That it has made up its mind finally makes it abundantly clear to the world that this is a great fight for human liberty."

Again he said, "Prussia is not a democracy. The Kaiser promises that it will be democracy after the war. I think he is right."

Describing Prussia as an army, the premier said it had its great institutions, its great universities and its science. But all these were subordinate to the one great predominant purpose of an all conquering army "to enslave the world."

"The army was the spear-point of Prussia—the rest was the gilded bait."

Warm Tribute to France. Mr. Lloyd George paid warm tribute to France, the patience, the gallantry, the dignity of the French, preparing against the impending terror of Prussian militarism. America did not know but Europe knew the meaning of Prussian despotism, which might be represented by a "Hindenburg line—a line drawn on the territories of other people, warning them that the inhabitants of those territories shall not cross it at peril of their lives." That was the line thrown across Europe for fifty years, in many lands, he said.

A remarkable feature of the premier's speech was his warning to the United States to avoid the blunders committed by the British. The grim humor of the British was well illustrated by Mr. Lloyd George when in voicing this warning he said:

"We are a slow people—slow and blundering, but we get there. We have made, as we generally do, every blunder. May I respectfully suggest that it is worth a good deal to study our blunders, so as to begin where we are now, not where we were three years ago."

TRACK WORK VS. MILITARY TRAINING

The high school boys of Decatur have set a good example by determining to abolish track team work this spring in favor of military training. This required some sacrifice on the part of the students as they had excellent prospect for a winning team. However, the patriotic spirit prevailed and by unanimous consent it was decided to let the track work go over to another year and to devote this season to military training. The boys are to be organized into squads and the indoor drilling will be in the high school gymnasium. As part of the program there will also be some outdoor work.

CUTTING OUT SPECULATION

The Chicago butter and egg board should be given credit for a determination to abolish speculation in these products at the present time. The board will leave it to dealers to take the matter of future delivery on with shippers or producers. With prices so high there are still excellent opportunities for the board members to profit by speculation, but in the interest of the business of the country and in an effort to help in bringing down living costs to a lower figure, the board action was outlined. This is patriotism of a desirable kind.

FLAGS FOR THE SCHOOLS

"The flag is the thing" these days and the national emblem is now very conspicuous in the business district and at many residences. It has been suggested that the board of education could well afford an investment in flags for conspicuous display at all the school buildings. The result would increase the patriotism of the pupils and present a good example to the public. For in the present day as never before the people are looking to the public schools of the country as centers of influence toward good citizenship.

STRENUOUS DAYS FOR LIQUOR TRAFFIC

If the government makes rulings to stop the manufacture of liquor in this country during the period of the war, as now seems quite probable, the anti-liquor movement will have been given a great impetus. However, the government at this time in considering the problem is impelled by economic rather than moral reasons. With such a vast shortage of grain it is essential that something be done to conserve the supply. Naturally officials turn first to the liquor industry, where, so many million bushels of grain can be saved without in any way lessening the food supply of the country.

Turning from the national consideration of the liquor question to a narrower field, the liquor interests are certainly taking unwise steps in seeking to boycott Mr. Pindell, Peoria newspaper owner, because he is advocating closing the Peoria saloons on Sunday. If the saloon interests there will but consider anti-saloon history they will find that Mr. Pindell's stand is for their own good. The public in most communities has already reached the stage where the lawless saloon will not be tolerated, and it is only a question of time until Peoria takes the same position.

GERMANY'S VICTORY IN RUSSIA NOT YET SECURE

A separate peace between Russia and Germany, in spite of the success of the Russian revolution, is "quite likely," according to a statement of Frances Neilson, the ex-member of the English parliament who spoke

last evening at the Congregational church. Mr. Neilson does not doubt the sincerity of Millokov and Rodzianke, or the other, Russian liberals responsible for the successful outcome. His view seemed to be, as brought out by further questioning, that the task facing these men is at this time so stupendous that the working men of Russia will not brook the delays incident to the formation of a stable government. They may easily be roused by the apparent inactivity of their leaders, but yesterday promising so much, now at the reins of government, so slow to hear.

Autocracy in Russia is not dead in spirit, tho the form has been done away with, intimated Mr. Neilson. Leaders more courageous than the present able Russian statesman have lost courage before when facing the task of reconstruction which follows revolution. The hope of free Russia is that these men will not lose heart, that they will not be afraid to take the people into their confidence. A second revolutionary movement, with the disorder which would ensue, would lead almost surely to German domination.

A PAVING SUGGESTION

"While good roads are being agitated about the country it seems strange that no one has taken up the matter of a hard road from the intersection of South Diamond street and Michigan avenue to Diamond Grove cemetery."

This remark was made by a citizen yesterday to a Journal reporter. It gives food for thought, too. There is no road that is travelled more at all seasons of the year than the road to Diamond Grove cemetery. It is not only traveled by citizens of the city but is a much used road by farmers living in the southwest part of the county.

Some twenty years ago a paved road over the route mentioned above was agitated but it never culminated in anything definite. At that time it was proposed to build a brick pavement.

Since then other types of pavement have come into use that are much cheaper and would answer the purpose fully as well.

It would seem that with state aid money and the interest that is being taken in good roads at this time that a hard road could be secured to the cemetery. The state owns all of the land on one side of the proposed route with the exception of probably a few hundred feet at the corner of Lincoln and Greenwood avenues. If the matter were taken up with the proper state authorities there seems little doubt but that the road could be secured.

A tarvia pavement could be laid the distance at a comparatively nominal cost and would serve all needs. With all of the citizens who are interested in the matter, thru ownership of lots in Diamond Grove and Calvary cemeteries, working for the improvement it could easily be put thru.

MY COUNTRY 'TIS OF—WHAT?

Gerald S. Lee, writing in the current issue of The Outlook, has a most notable article under the heading, "My Country, 'Tis of—What?" In this article, which was written before the U. S. entered the European war, the writer punctures American complacency over generosity toward Belgium. He quotes Count Bernstorff as having taken the position that twenty five per cent of Americans are for the allies, sixteen per cent are indifferent. And it is to the indifferent that the article is particularly addressed.

According to Mr. Lee's statement, Australia with generous hand reached 20,000 miles across the seas and gave a sum to Belgium which amounted to seventy cents for every man, woman and child in Australia. From America the contributions thus far have amounted to thirty cents apiece. "France gave more to Belgium than we Americans gave to Belgium," out of the money France had put into our pockets. England while she was in the very act of uprooting the financial center of the world and handing it over to us with the one hand, with the other was giving away to Belgium more money than America gave. And now when I sit by and hear an American band sing so glibly and so thoughtlessly, "My Country, 'Tis of Thee," I think of our thirty cents."

Then talking of what America should mean, if she goes into this war, the writer has these pungent paragraphs which should certainly make the indifferent in America come to a swift change of position: "We are going into the war not because we want to defend ourselves from Germany, but because America does not want to live in a world in which a nation with a submarine seal and with a submarine way of getting what it wants shall be accorded any right to say what the world shall be like. We will listen to Germany, and we will see that Germany is listened to, but we will not live in a world that is determined by Germany, or a future civilization dictated to us by the German vision and the German will. In going into this war at last it is the world we are thinking of and not of ourselves. It shall not be a world—if it can help it—in which a nation that wins a fight by striking below the belt, by using chlorine gas, and by knocking down a little helpless neutral in her way, will be allowed to dictate the ideals and conditions under which men on this planet shall live. * * * It is not the things we believe about Germany in spite of Germany, it is the things about Germany that the Germans expressly say we must believe.

"It is the apologies and admissions and professions of Germany that make us want to see her ostracized, disarmed, put in confinement and restraint upon the earth. We

are not entering into the war out of resentment for Germany's crimes against us. We are going into the war against having a Germany that does such things allowed at large on a planet where we have to live. We in America do not believe in war out we have always believed in peace, and when a great nation defies civilization, proposes Europe as her hobby horse, defies the common will and the common custom of the world, the peaceful peoples pursuing their peaceful ways find themselves facing a new situation with regard to what is called war. If the planet has to be policed to handle a whole nation of criminals, the planet can be policed only by adequately using armies and navies."

Rippling Rhymes By WALT MASON

SPRING ARRIVED.

I know that spring is here, for at my door appear some seven times a day, fair maids who won't go away until I've had a look at some immortal book, some great and gorgeous poem to ornament my home, "Gee whizz fair dames," I cry, "no volumes will I buy. Just look around yourselves, upon my loaded shelves, and you will see, gadzooks, how little I need books." "You need not to invest," exclaim these females blest; "but you cannot refuse the titles to peruse, the pictures to admire—those pictures which inspire! We ask you not to buy, but just to cast your eye adown the shining page prepared by bard and sage." In winter I don't fall for this old grail at all; in summer I can show the agents from my view, and bid them seek no more my vine-encumbered door. In autumn I can chase the agents from my place. But when the winter's flown my heart has mellow grown and I'm an easy mark for every smiling shark. I look around my cot upon the junk I've bought the books I'll never read, by authors gone to seed, and say (and shed a tear), "I know that spring is here!"

THIS DATE IN HISTORY

April 12, 1833—Emigration to the northern counties of Illinois. Forty families from New York State arrived in La Salle County.

MATRIMONIAL

Slavens-Stewart
Robert Slavens and Miss Lola Stewart, both of Waverly, were married by Judge Thomson at the court house yesterday. As the bride is sixteen years old her father, James Stewart, was present to give his legal consent.

Moore-Nunes
Miss Laura M. Nunes was married recently to Leslie E. Moore at Ft. Madison, Iowa, according to information received here by relatives. Mr. Moore is a son of Mr. and Mrs. W. J. Moore living at Maple Heights in the north part of the city. The young couple are to come to Jacksonville to make their home.

Hodson-Harmon
A number of Jacksonville people were informed yesterday of the marriage of Mrs. Virginia W. Harmon to John H. Hodson of Chicago. The ceremony was solemnized by Rev. Mr. Claywood, pastor of the Englewood Presbyterian church, at the home of the groom's parents, 7113 Harvard avenue, Chicago. Only members of the immediate family were present. Mrs. Hodson has been a resident of Jacksonville for a number of years and but recently disposed of her residence and business property here. While a resident here Mrs. Hodson gained the friendship of a great many persons who will now join in extending their best wishes for her continued happiness.

Mr. Hodson, who has spent his entire life in Chicago, is a successful business man and is held in very high regard by those who know him intimately. He is city salesman for the General Fire Proofing Co. of Chicago.

Mr. and Mrs. Hodson left following the ceremony for a brief wedding journey and after their return to Chicago will be at home at 2215 East 70th street.

Roegge-Wessler
The marriage of Arthur Roegge of Meredosia and Miss Agnes Wessler of Arenzville occurred at the Lutheran church in Arenzville Thursday evening at 6 o'clock. The ceremony was performed by Rev. Mr. Conn, with a large company of relatives and friends present. Immediately after the ceremony members of the wedding party were entertained at a bridal supper at the home of the bride's parents, Mr. and Mrs. Henry Wessler.

The groom is a son of W. F. Roegge, county commissioner, and has spent all his life in the Meredosia neighborhood, where he is held in high esteem. He is a prosperous farmer and he and his bride will soon begin housekeeping.

Mrs. Roegge, who is a daughter of Mr. and Mrs. Henry Wessler, is a young woman with many attractive qualities and has numerous friends to give their congratulations at this time. The young people will leave today for a brief wedding trip before entering their new farm home.

TO OBSERVE ANNIVERSARY

This evening the twenty-fifth anniversary meeting of the South Side Circle will be held at the home of Mrs. Ollie Parker. The program promises to be one of very great pleasure. Each member of the club is privileged to bring a guest.

George Hotzenbuehler of Bloomington was a visitor yesterday with the family of Mrs. B. J. Muller on West Morton avenue.

FUNERALS

Wessel.

The funeral of Mrs. Mary Wessel was held Thursday morning at 8:30 o'clock at the Church of Our Savior, the Rev. F. R. Formaz, pastor of the parish, officiating. The burial was made in Calvary cemetery. The bearers were John Noonan, Martin Kinney, James Murphy, Louis Speer, Thomas Walsh and John J. Ward.

Holliday.

The funeral of C. R. Holliday was held Thursday afternoon at 2:30 at the family home, 1116 North Fifth street, Quincy. Burial was made in Woodland cemetery. W. W. Holliday, brother of the deceased, was present from Jacksonville and several residents of the Chapin vicinity were in attendance.

Covey.

Funeral services for John Covey were held Thursday afternoon at 11 o'clock at Youngblood Baptist church, near Nortonville, the Rev. Roy March officiating. Music was furnished by the choir of the church. Flowers were cared for by Misses Nellie Fanning and Ethel Jackson. Burial was made in Youngblood cemetery. The bearers were Frank Sorrells, Andrew Kehl, Chas. Bolton, Leonard Dalton, Charles F. Story and Gus Henry.

PAYS TRIBUTE TO SPIRIT OF COLLEGES

NEW HAVEN, Conn., April 12.—President Wilson in an interview in the Yale News today pays a tribute to the spirit of American colleges in the present national emergency. He says:

"The patriotic spirit of the American college man of today has never been surpassed in any other age. Our American universities are the sources of production of efficient and well trained men for all branches of national service in times of peace or war. Upon such men as Yale has given to the country has been based the strength of the American nation."

ADMIRAL MOORE HERE TO GIVE ADDRESS.

Rear-Admiral C. B. T. Moore, retired, who will speak this evening at Davis Prince gymnasium, arrived in Jacksonville Thursday and the same evening was a dinner guest of Dr. C. H. Rammelkamp, president of Illinois college, at the Dunlap hotel. This forenoon the admiral will address Illinois college students at Chapel.

Members of the Woman's club and several high school students were busy Thursday afternoon decorating the gymnasium and the speaker this evening will appear in a hall properly bedecked in flags.

Illinois college authorities have made the announcement that any senior in good standing will not lose credit by enlistment but will receive his diploma without returning to complete the work. Illinois college has co-operated with the Woman's club in securing Admiral Moore for an address here and it is hoped that a large number will hear the address tonight.

ADDRESSED STUDENTS.

Francis Neilson gave two addresses yesterday to college students of the city. In the morning he spoke at Illinois college chapel. Thursday evening he was a dinner guest of Dr. and Mrs. J. R. Harker at Illinois Woman's college and he addressed the students at the evening chapel hour.

ADMIRAL MOORE AT ILLINOIS COLLEGE

Rear Admiral C. B. T. Moore, formerly of the U. S. navy, will address the students at Illinois college at 9:45 this morning. Friends of the college will be welcome.

ATTENTION W. R. C.

The ladies of the W. R. C. will hold their regular meeting in the G. A. R. hall on West Morgan street Friday afternoon at 3 o'clock.

Mrs. Anna Ferguson, President.
Mrs. Angie P. Weber, Press Cor.

CONTRIBUTES TO RELIEF FUND

At the regular meeting of Favorite Lodge No. 376 Knights of Pythias Thursday evening the lodge voted to donate \$10 to the fund for the relief of the dependent families of soldiers now in active service.

PHI ALPHA OPEN MEETING

This evening at Phi Alpha hall, Illinois college, there is to be an open meeting and all past members will be welcome and their presence is much desired. There will be an interesting program and much that will be every way pleasing.

MORTUARY

Duckwaller.

Mrs. Mary Stover Duckwaller died Thursday afternoon at 2:55 o'clock at the home of her daughter, Mrs. Robert McFarland of Litchberry. Mrs. Duckwaller was 88 years of age and had spent the greater part of her life in Chandlerville. She was born in the state of Virginia, coming to Cass county at an early age. Mrs. Duckwaller had been at the home of Mrs. McFarland for about three weeks. The husband, Joseph Duckwaller, passed away about twenty-five years ago.

Joseph Duckwaller, a son, resides in Chandlerville. Mrs. McFarland of Litchberry and Mrs. Susan Holderbrandt of St. Paul, Neb., are the daughters.

The funeral will be held Saturday at Chandlerville.

WITH THE SICK

Miss Helen Leach is a patient at Passavant hospital, where she went for an operation on her throat. She is improving in a gratifying way.

David Gustafson, who has been quite ill of pneumonia at his home on South East street, is improving in a gratifying way.

Miss Dorothy Farrell, daughter of Mr. and Mrs. Felix E. Farrell, suffered a sudden attack of appendicitis Thursday. She was taken to Passavant hospital in the late afternoon and the necessary operation was performed by Dr. F. A. Norris and Dr. Edward Bowe. Dr. Norris stated last night that Miss Farrell went thru the operation in excellent condition.

CENTENARY MEN AND BOYS ARE ENTERTAINED

There was a large attendance at the entertainment at Centenary church for the men and boys of the church Thursday evening. A moving picture entertainment was given by Kingsley Pease who for a number of years was engaged in missionary work in Singapore. The pictures were greatly enjoyed by the audience. Following the pictures refreshments were served and later a number of talks were made. C. O. Bayha, president of the Loyal Men's Bible class under whose auspices the entertainment was given, presided. Brief talks were made by E. G. Saye, A. C. Metcalf and C. S. Smith.

STATE HEALTH CONFERENCE

The first annual meeting of the Illinois Public Health and Welfare association is in progress in Springfield. Dr. Edward Bowe was among those in attendance yesterday. The program as outlined for the two days shows the names of many prominent physicians and welfare workers and all the subjects discussed are of practical value.

BENEFIT CONCERT

Y. M. C. A. directors have been fortunate in securing the concert of the Illinois Conservatory orchestra to give their spring concert at State Street church Thursday, April 26, for the benefit of the Y. M. C. A. The orchestra will be assisted by Mrs. Genevieve Clark Wilson and the orchestra will be augmented by a number of well known local musicians. Tickets are to be on sale next Monday, and, as previously stated, the entire proceeds will be given to the association.

Mr. and Mrs. A. M. Bull of Scottville were visitors in the city yesterday.

SOCIAL EVENTS

Mrs. Samuel Bridgeman Entertained Ladies Aid

The ladies aid society of Ebenezer church was entertained by Mrs. Samuel Bridgeman Thursday afternoon. There was a good attendance of members and several visitors were present. The program:

Scripture reading by the president—Mrs. C. S. Black.

Music—Miss Ruby Dewese.

Reading—Miss Martha Patterson.

Music—Mrs. William Hadden.

During the social hour that followed the hostess served refreshments. The next meeting will be held Thursday May 10 with Mrs. Arch Bridgeman.

Guests at Springfield Social Events

Springfield society columns mention that Mrs. E. E. Crabtree and Mrs. William Barr Brown, Jr., were guests at a luncheon given by Mrs. H. T. Wilson at the Illinois Country Club in honor of Mrs. Frank Lowden. In the receiving line were Mrs. Wilson, Mrs. Lowden, Mrs. Crabtree and Miss Shaidt of Pittsfield. A luncheon was given Wednesday at the club for Mrs. Lowden by Mrs. C. St. Clair Drake and Mrs. Andrew Russell was one of the guests.

Birthday Surprise Party

Leonard R. Wood was pleasantly surprised at his home near Pisgah Thursday evening by about twenty-five of his friends, the occasion being his birthday anniversary. The evening was spent in a pleasant manner with games and music and delightful refreshments were served.

Young Men Give Dance

Young people of the city enjoyed a delightful dance Thursday evening at the Peacock Inn. The hosts were Myrie C. Reynolds and Harold McGinnis and the guests numbered forty or more.

Many Were Present at Grace Church Supper

The annual Easter family supper, served at 6 o'clock Thursday evening at Grace M. E. church, was attended by two hundred and fifty people and was by all accounts a real success. Excellent music was furnished by the Sunday school orchestra under the leadership of Miss Minnie Hoffman. Miss Margaret Scribner of Illinois Woman's college gave a vocal solo and Miss Alice Bray, a reading. Miss Sarah Dietrick gave a solo number and Miss Rose Ranson read. The Rev. P. B. Madden, pastor of the church, presided and called for each of the program numbers. A social hour of especial enjoyment followed the program.

At Chotic Ladies' Aid Has Social Meeting

The Ladies' Aid society of the Church of Our Savior held the first meeting after Lent Thursday afternoon at the home of Mrs. Thomas Galtens, of North Main street. Attendance was gratifying and after a short business session social games were played. Mrs. Louis Steer won first prize and Mrs. Robertson, second prize. Mrs. P. Bonananza received the guest award and Mrs. Mary McAvoy received the consolation prize.

Mrs. John Buckley was elected first vice president of the society.

Centenary Aid Society Meets at L. W. C.

A social meeting of the Ladies' Aid society of Centenary M. E. church was held Thursday afternoon at Illinois Woman's college, with Mrs. A. C. Metcalf and Miss Winifred Wackerle serving as hostesses. Plans were made for serving a supper the evening of April 27 to members of the Morgan County Teachers' association, to be in session then. A contribution of five dollars was made for the Y. M. C. A. A reading, "At the Matinee," by Miss Magdalene Harmon and a piano solo by Miss Stella Harmon, lent a pleasing variety to the program. A guessing contest was enjoyed by the guests. Refreshments were served.

A meeting of the society will be held two weeks hence at the home of Mrs. Thomas Waggener, 297 West College street.

Baptist Congregation Enjoys "At Home"

Members of the B. Y. P. U. of First Baptist church were at home Thursday evening in the church parlors to the church and congregation. A musical program was given, after which refreshments were served by the social committee. Miss Margaret Mayer was in general charge.

The program included the following numbers:

Piano solo—Miss Ruth Eastin.

Violin selections—Miss Minnie Hoffman; to accompaniment of Miss Alma Leake.

Vocal solo—Miss Anna Long.

Piano duet—Misses Margaret Todd and Marie Mayer.

Fortnightly Hears of Eastern Poet

"Rabindranath Tagore" was the subject of an instructive paper by Miss George Fairbank at the meeting of the Fortnightly club, held Thursday afternoon at the public library and many were the points of interest brought out concerning this Hindu poet and interpreter of Eastern thought. The club has entertained an invitation from Mrs. J. Franklin Brown of Concord, a former member, to visit the Brown home near Concord and a picnic will probably be held early in May.

Oneida Club Meets

With Mrs. De Baumeineid a very pleasant afternoon was spent Thursday by members of the Oneida club, who assembled at the home of Mrs. Edward De Baumeineid, 329 Caldwell street, for work and a social hour. After spending a time at their needlework, the guests of Mrs. De Baumeineid turned their attention to excellent refreshments.

M. E. AID SOCIETY HELD MEETING AT LITBERRY

Program Rendered Was of Marked Interest—Social Hour Followed With Conversation on Varied Themes.

The Litchberry M. E. Aid Society met on Wednesday afternoon at the home of Mrs. Mary Beavers, on East Capitol street. Hostesses, Mrs. Beavers and Miss Ethel Sorrells. The program follows:

Mrs. J. M. Litch, presiding.

Song.

Prayer, by Mrs. J. C. McPherson.

Scripture Reading, by Mrs. Al Dunlap.

Roll call, answered by Bible verses.

Secretary's report and five letters of thanks read.

Mrs. Elsie Rexroat, of "Bonnie View Farm," on Sweet Clover Avenue, sent in her resignation as one of the flower committee, saying she would like a rest. As she has served well and faithfully for several months, her resignation was accepted and Mrs. Margaret Dunwiddie elected to fill the place.

Reading, "In Gethsemane's Garden," by Mrs. A. E. Obermeyer.

Piano solo, "Geraldine," by Mrs. Durrell Crum.

Reading, "The Roe's Nest, or The Leap for Life," by Mrs. C. A. Beavers.

Reading, "The Early Settler," by Miss Ethel Sorrells.

Duett, with piano accompaniment, "Whispering Hope," by Mrs. William Crum and daughter Wilma, of "Old Crum Homestead."

Contest, "Call to mind and write Bible verses for ten minutes, numbering the verses." The person writing the most to be the prize winner. The prize was a pretty glass pitcher, won by Mrs. McCarty.

Refreshments were served by the hostess, having for her helpers, the Misses Ethel Sorrells, Grace Meyers, Wilma Crum and Mrs. C. A. Beavers. About 40 persons were present, the Baptist and Christian churches were both well represented, as well as a good "sprinkling of Methodists." The dime dish was soon filled. The next meeting will be at "The Old Rexroat Homestead on the Hill," with Mr. and Mrs. Johnie Rexroat.

Comments—

The readings were all good and the best attention was given to the readers.

The selections in music and singing were up to date and well rendered.

The refreshments were served in two courses and everybody enjoyed them.

The waiters were all good looking and attended strictly to business.

An hour was spent in social converse. Those in the east parlor talked of garden, chickens, house cleaning and fancy work. Those in the west parlor talked war and measles and talked it hard. One lady said they were having a warm reception; but all unite in supporting Old Glory.

TWO MEN INJURED IN AUTO ACCIDENT

Martin Kinney and T. M. Walsh Failed to Notice Low Hanging Telephone Wire

Martin Kinney of Arnett street and T. M. Walsh of Harlan avenue were quite severely injured in an automobile accident at Hillview Thursday evening about 6:30 o'clock. As they turned the car they were driving they failed to notice a telephone company wire and both men were thrown from the car. Mr. Kinney had a jaw bone broken and received several cuts on his head, and Mr. Walsh, who was driving the car, received a long gash on the calf and injured one arm to some extent.

Both men were brought to Jacksonville by automobile and were given the necessary surgical attention at Our Savior's hospital by Dr. P. A. Norris. While the injuries are painful the men count themselves fortunate as having escaped more serious results.

LEARNS THERE ARE 442 AMERICANS IN GERMANY

AMSTERDAM April 12—via London—The Rhenische Westalische Zeitung says the Spanish legation in Berlin has ascertained that there are 442 American citizens in Germany, of whom 185 are men, 175 women and 78 children. Of the total number 46 are students and 145 business men, dentists, doctors, artists, etc. Only 186 of the 442 were born in America. The newspaper says:

"These Americans who have turned their backs on the old country probably to escape military service now claim the right of hospitality here while their hearts and tax bills belong over seas. Perhaps the Noble prince of Peace Wilson will claim them back to help American militarism fight German militarism. Students continue their studies here, which is comprehensible as we still are treating Americans as of the elect."

BURY CAPTAIN MOORE

Denver, Colo., April 12.—Captain Avery Moore, who acted as a pall bearer at the funeral of President Lincoln, was buried here today. He died yesterday aged 86.

He was for many years a member of the Illinois Board of Education and was traffic manager for the Chicago, Rock Island & Pacific railway from the early eighties until his retirement in 1902.

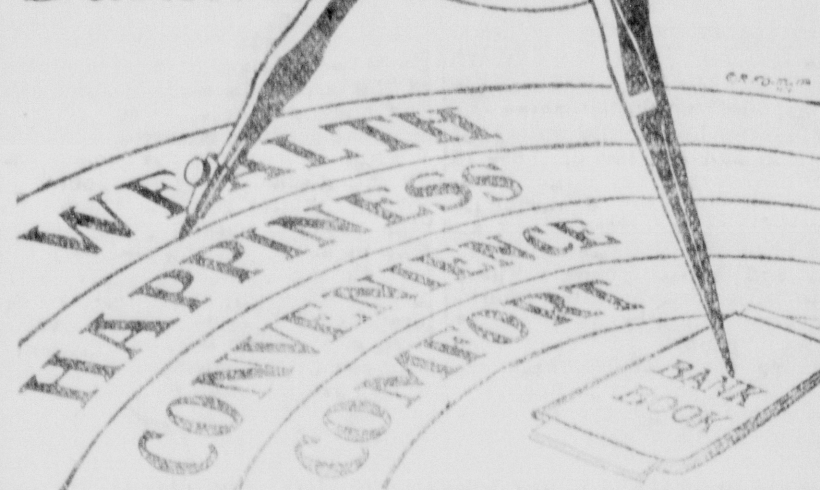

POSTPONE RIVER FETE

Minneapolis, Minn., April 12.—The river fete planned to celebrate Minneapolis's fiftieth anniversary scheduled for the week of July 2 was indefinitely postponed today by the board of directors of the Minneapolis civic association.

EDITOR'S WIFE DIES

Peoria, Ill., April 12.—Mrs. F. B. Mills, wife of the editor of the Morton, Ill. News, died at Morton tonight of lockjaw.

The man with money began by putting some of his first earnings in the Bank.

It all started with the first deposit. His bank account grew until he was comfortable. Then the convenience of paying his bills with checks enabled him to keep his accounts straight and saved him time and worry. Happiness was the result of seeing it pile up and grow. All of a sudden he realized he was a man with WEALTH.

YOU CAN GROW RICH too, if you will only put the money you have in your pocket RIGHT NOW into the bank and keep on ADDING to it. Do it.

HISTORY OF MEDICINE

The Morgan County Medical Society Will Be Fifty Years Old In May.

Anyone who has information about any of the early doctors of this county, or of any Medical Meetings or Societies prior to 1866, will confer a favor by sending it to Dr. Walter Frank, secretary of the Morgan County Medical Society, 200 Ayers Bank Building, and it will be edited for this column.

JUNE MEETING

The early meetings of the society began at 10 a. m. and continued thruout the day often not adjourning until after five o'clock in the afternoon. But notwithstanding the long and late hours the roster of membership and the list of those in attendance shows a far larger number from outside of Jacksonville than attend the meetings today although we have much better railroad facilities and better roads. There seems to have been a better fellowship between the city and country. These facts should be food for thought for those at present in charge of the society. Why don't the country doctor attend the meetings and take as active a part as we did in 1866? No doubt the fault or reason is not to be found in any real antagonism but rather in an indifference on the part of both. The minutes show that more town men tend regularly and take an active part than in the early days and but few ever from the country attend. May some good fortune bring back the Miners, the Reads, the Sydners, the McVeys and others who attended so regularly and took so active a part in the 60's and 70's.

At the June meeting Dr. David Prince reported the Annual Meeting of the Illinois State Medical Society. He had attended the meeting at Decatur in May and thus was practically the first delegate from the Morgan County Medical Society to the Illinois State Medical Society, with Dr. H. B. Haller of Vandalia as president.

This was by no means Dr. Prince's first appearance at the state society. He was one of its earliest and most active members. A study of his activities will show that he

almost always attended the state meetings and always took part in the program. He was president of the State society in 1859, and eleven times was delegate from that body to the American Medical Association and once was delegate to the International Medical congress.

After this report the society took up the discussion of Dr. Jones' paper on Asiatic Cholera which had been made a special order at the May meeting. All the members took part in the discussion which seems to have been full of interest and differences of opinion which varied from size of the dose of calomel to be given to the expressed belief (Dr. H. K. Jones) that no such disease Asiatic Cholera existed in this country. In fact when sun down approached and the country doctor was forcibly reminded of the long distance home and the possibility of calls to make (there were no telephones then, by which his good wife could call up and notify him to stop and see the Smith baby with the "summer complaint" or the hysterical old woman with her long tale of "peristaltic woes" at Jones, on his way home and thus save him half his distance and much time. It no doubt happened many times that after a day spent at the Society the doctor arrived home tired and hungry to a late supper only to find that he must again saddle his "rheubarb colored nag" and take his "saddle bags" and spend a part or most of the night in visiting a distant patient. And so at the June meeting when long shadows of evening began to approach the discussion of "Asiatic Cholera" was still unfinished and was again made a special order for next (July) meeting "particularly to consider the use of Mercurial remedies."

IMPLEMENT SHORTAGE WILL BE EMBARRASSING

Secretary-Treasurer of Parlin and Orendorff Implement Company Makes Statement.

Springfield, Ill., April 12.—Shortage of farm implements, and the inability of manufacturing concerns to secure steel, will seriously embarrass farmers in the planting of corn to take the place of wheat, forty percent of which is reported winter killed, according to U. G. Orendorff, secretary-treasurer of the Parlin and Orendorff Implement company, of Canton, who visited Governor Lowden today.

Mr. Orendorff spent some time with the governor and it was believed that he sought advice as to how best to get the plea of implement manufacturers before the government.

"Practically every bit of steel is going into the manufacture of munitions," said Mr. Orendorff. "We cannot get the attention of those who have steel to sell and consequently we will be unable to meet the urgent demand right now for farm machinery, especially corn planters. All manufacturers of farm machinery are confronted by the same problem. In Kansas, Nebraska and Oklahoma, and in Texas big orders for corn planting machinery are being placed, but they can't be filled because the supply is exhausted, and no more steel is available for the manufacture of more machines. Unless the government intervenes and comes to our rescue we will be helpless to furnish the planters needed."

THREE DOG TEAMS CONTINUE RACE

NOME, Alaska, April 12.—The violent storm Monday that overtook the four dog teams racing for the Alaska sweepstakes purse of \$2,500 after they had left Solomon on the shore of Bering Sea, has abated and today the trail was fast and the sky clear. Paul Kjegstad's team was overwhelmed by the wind and snow and scattered, one dog being frozen to death. Kjegstad was found by a searching party and returned to Nome with the surviving dogs of his team.

The other three teams—those of Leonard Seppala, Fay Delseene and Victor Anderson—pressed on thru the blizzard after seeking shelter in an Eskimo hut while the wind was most furious. A telephone message yesterday from Fish river, 111 miles from Nome said Seppala had arrived nearly an hour ahead of Delseene and that Anderson was resting four miles behind. The race which started April 9 is from Nome to Candle and return, 112 miles.

NEED CIVILIANS TO HASTEN ENLISTMENT

LAKE BLUFF, Ill., April 12.—Civilians unfit for active service but willing to aid the country are needed to hasten the enlistment of men for the navy. Physicians in particular can do their bit by making preliminary examination of recruits thus relieving the regular enlisting officers already overburdened with work. Clubs and local organizations can aid by circulating literature descriptive of the navy and aiding in procuring volunteers. All these factors are necessary to the speedy filling of the naval quota said Captain W. A. Moffett, commandant of the naval training station here in a plea sent out today for more men for the navy.

Captain Moffett also urged that clubs and other organizations in different localities form recruiting clubs, send out motor expeditions in search of recruits and transport volunteers to the examining physicians.

PLAN TO RELEASE LAND TO GROW CORN

ST. PAUL, Minn., April 12.—A proposed plan for turning vast tracts of idle land in Northern Minnesota over to Iowa and Southern Minnesota cattle raisers for grazing purposes in order to release land in the latter sections for growing corn, was outlined today to a special committee of the St. Paul association.

It was said that approximately 200,000 acres of land in the Northern parts of Minnesota and Wisconsin would be immediately available for pasturage, all offered for payment of current taxes only, which, it was said, would average 25 cents an acre.

NO ANNOUNCEMENT OF POSSIBLE DISCOVERIES

CHESTER, Pa., April 12.—Altho army ordnance experts and chemists from the DuPont plants spent the day and evening analyzing shell fragments and black powder found at the scene of last Tuesday's explosion at the Edgemoor Ammunition corporation's plant near here, no announcement of their possible discoveries was made tonight.

Officials frankly admitted that the exact cause may never be determined. The latest reckoning of the known dead is 120.

REPORT SECRET SERVICE AGENT KILLED

San Diego, Cal., April 12.—It was reported here today that an American secret service agent was killed aboard an ammunition smuggling schooner reported Tuesday as having been captured by U. S. destroyers while on the way to a Mexican port. The agent who was said to have boarded the vessel after she was beached was shot and killed by one of the smuggler's officers, according to the report.

EXPLOSION KILLS ONE

Philadelphia, April 12.—An accidental explosion of powder in the detonating department of the government arsenal at Frankford, a suburb, where ammunition is being manufactured in great quantities, killed Philip McNally and fatally injured Joseph Miller. The two men were the only occupants of the small structure in which they were working. McNally was instantly killed. Miller was blown thru a window and terribly injured.

Y. M. C. A. IS FACING CRISIS IN AFFAIRS

FOUR THOUSAND DOLLARS MUST BE RAISED FOR EXPENSES OF COMING YEAR.

Appeals Thus Far Have Not Met With Liberal Response—Nearly \$2500 Is Still Needed—Directors Say Question Is One for People to Decide—Unless Money Can Be Secured Institution Must Close.

The contributions for the Y. M. C. A. are not coming in a way to cheer those who are directing the campaign. Total contributions to date are \$1,556.50, and the sum needed is \$4,000. It is now a question for the people to decide, and if after they gain an understanding of the work that is being done by the association and do not support it, only one course is left for the directors and that is to close the doors. The situation is concretely summed up on a statement made yesterday in behalf of the directors.

"President Wilson once stated that one could judge a community by the interest it takes in its Young Men's Christian Association. Jacksonville is now facing that test. The Association is at the end of its fiscal year and must have funds promised or paid in to continue its work for another year. About twenty-five men who have the insight to see the value of the Association to the youth of our city are working hard to secure the needed \$4,000. Some of the ladies an older have been called on to help meet the crisis now on us.

That Trust Deed
Two years ago the accumulated indebtedness had grown to such an amount that it was necessary to underwrite the amounts with a tract deed which was made due April 15, 1917. This was done so that we might put on a campaign to raise funds for an aggressive work for two years. We hoped then to be able at this time to launch a campaign large enough to pay off the indebtedness and to build a new building for Jacksonville, but some unforeseen circumstances have developed in the meantime that have made it advisable to postpone the larger campaign for a year at least. We must now secure the budget for the coming year before we can again arrange to take care of the trust deed amount.

"Now we have been operating within the budget set for us and paying a little on the old accounts and the permanent improvements of the property. We have been doing some extension work by holding meetings in the shops, and giving the privileges free to the militia boys who are here and the boys have been making good use of the time. There are over thirty smaller boys who are enjoying the benefits of the Association because some men have taken care of the expense. Another fact is that the money you are now asked to contribute is to make possible the low rate memberships. The membership fee for each member without this contribution would be about twenty-one dollars. It is the same principle that would exist in a school if the students were required to pay pro rata expense. By the contributions of other folks or the taxes the student receives the education at a nominal sum.

Up to the People
"The proposition that is before the citizens of Jacksonville is, do you want a Y. M. C. A. or not? A few good men and women are working hard to keep it, are you going to be one who will do nothing, but will still enjoy the benefit and profit that an institution of this kind brings to a community?

At the reports Thursday noon there were 204 persons who had pledged \$1,556.50. We need \$2,443.50 by Saturday night. The contributions reported at the luncheon Thursday were: Rev. W. E. Spoons' team \$218.50; Carl Weber's team \$10; H. H. Potter's team \$115.50; E. B. Spink's team \$82.50; H. J. Rodgers' team \$45.

C. E. RALLY WILL BE HELD AT WAVERLY

Plans are under way for a rally of the Christian Endeavor societies of Morgan county, the meeting to take place at Waverly Saturday, April 21. At this time it is hoped that a county organization may be perfected.

Six or more delegates from the Y. P. S. C. E. of Central Christian church will probably attend, it developed Thursday evening at a social and business meeting of the society, held at the home of the president, Miss Lucille Allison, 609 Jordan street. Miss Allison, who is president of the Jacksonville Young People's Union, has shown an active interest in the county work.

Announcement was made at this meeting that the "Blue" side in a six-week attendance and membership contest had won from the "Reds," the score standing 2750 to 1505. Miss Adelaide McCarty led the Blue side and Weir Wood was leader of the Reds.

HOUSE PASSES MEETS BILL

Springfield, Ill., April 12.—The house today passed the Meents bill proposing a referendum on the question of issuing \$60,000,000 worth of bonds to build a 4,000 mile system of hard roads in Illinois. The vote was 109 to six.

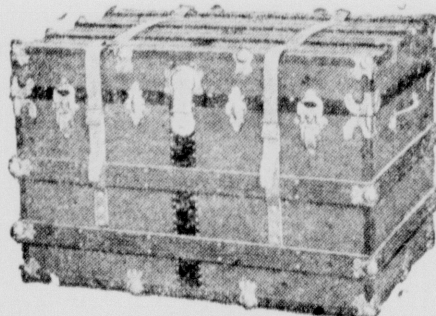

The companion bill, proposing a fifty per cent increase in automobile licenses Jan. 1, 1918, and another fifty per cent increase two years later was passed 94 to 1.

COMMITTEE DECIDES TO REVISE SPY BILL

WASHINGTON, April 12.—Revision of the administration spy bill to meet some of the objections of free speech without impairing its effectiveness is understood to have been decided upon by the house judiciary committee. Hearings on the measure were closed today after Miss Jane Addams, John Reed, Gilbert E. Roe and others had criticised certain features.

The section most generally attacked prohibiting persons from making speeches or publishing articles causing disaffection in the army or navy is certain to be changed. The language will be amended according to present plans to apply only to persons who would cause mutinies, desertions or other defections among the land or sea forces. The committee has no desire, it is said, to silence honest critics.

General revision of other parts of the measure to make them more specific is proposed.

COMPLETE PRECAUTIONS

Chicago, April 12.—Precautionary measures were completed at the Union Stock Yards today when an electric current of lethal volume

was turned into wires surmounting a fence around the district. Each of the thousands of employees carry credentials without which they are not permitted to enter the stockade, according to the report.

Miss Greta Louth, a fourth year academy student at Illinois Woman's college, has returned from a visit to her home in Mt. Vernon and is again at the home of her uncle, M. E. Gilbert.

BRITISH PREMIER WELCOMES AMERICA

(Continued from Page 1)

road to victory, the guarantee of victory, the absolute assurance of victory was to be found in the one word "ships and always ships." He expressed the belief that the Germans and their military advisors were beginning to realize that this was another of their miscalculations, which would lead them to disaster and ruin. Of America's part in the war the premier said:

"It was a bad day for the military

autocracy in Prussia when it challenged the great republic of the west. We know America and we also know that now she has said it she will do it. She will wage a strong and successful war and, there is something more important, she will ensure a beneficent peace."

Probably no event, celebrated in England in the present generation unofficially brought together more men of great prominence than this luncheon. The pilgrims' dinner had more of a military air with large patches of khaki and navy blue at the tables.

GUARDSMEN WITHOUT DEPENDENTS MAY REMAIN

SPRINGFIELD, Ill., April 12.—Adjutant General Dickson tonight said men in the Illinois National Guard who are married but whose families are not dependent on them for support will be allowed to remain in the service, in accordance with a ruling of the war department.

Men who seek to leave the service on the plea that they are needed to support dependents will be required to furnish affidavits from two reliable citizens establishing the truth of all statements as to such dependents, General Dickson said. A dependent, in the meaning of the war department's ruling, is a wife, a child or mother who is in need of the support of a guardsman.

ENGLISH LEADERS THEME
FOR NEILSON LECTURE

Former Member of Parliament Gives
Intimate Word Picture of Men
Prominent in Councils of British.

The Congregational church was introduced by F. E. Bode in highly evening by an audience gathered to hear Hon. Francis Neilson, formerly member of the British parliament speak on "British Politics and Politicians I Know." The speaker was introduced by F. H. Bode in highly complimentary terms and proceeded at once to discuss his subject.

A very brief outline of his address is offered.

Asquith of Plain Stock
"Asquith was a Yorkshire man of plebeian stock; we are all that in England though you don't think it. His mother was of a sturdy family and a great force for good. He studied law and successfully conducted difficult cases. If any one wants to rise in England let him fight for some forlorn hope and keep on and he will rise. He rose rapidly in his political career and was home secretary and suffered from an incident for which he was not responsible. A foolish magistrate called on the military and ordered them to fire into a group of striking miners when it was by no means necessary and though the home secretary wasn't to blame he suffered from it for years.

When he rose years afterward to address an assembly a mob for twenty minutes tried to drown him out and he stood calmly till they had yelled themselves out and then went bravely on with his remarks. He joined the liberal league during the Boer war; was made chancellor of the exchequer by Bannerman and succeeded wonderfully in that; instituted great reforms; was twice endorsed by the people in his great measures and refused a peerage that he might fight the battles of the people in the house of commons. He is plain, almost to negligence in dress; diffident even on occasions; was not greatly in favor of woman suffrage for which they fought him; is a powerful debater and a friend of the people.

A Brilliant Statesman
Arthur Balfour is a brilliant man, famous when he joined the fourth party; was secretary for Ireland when he had to carry out his obnoxious measures of eviction and the like.

Sir Edward Grey was favorable to the single tax principle and said when the liberal party fully understood and adopted the teachings of Henry George it would be irresistible. He really didn't like politics and the papers which he was accredited were prepared by his secretaries and he was so much more at home with the high boots, hunting suit, casting a fly in trout streams, that one would suppose he didn't know there were any such persons as the German people.

Landsdowne is a fine English gentleman; much criticized in America but hardly justly. He is very affable and a success when things go smoothly but fails in troublesome times.

Lord Darby did great things during the Boer war but not afterward.

John Morely is a Scotchman, a powerful speaker and fearless to an astonishing degree. He it was who dared look the house of lords in the face and ask them to their amazement who they were not to know what the people wanted.

Some Other Leaders
John Burns began as an engineer, took to politics, was in all sorts of adventures and when Bannerman offered him a certain position in his cabinet he replied that they couldn't have gotten a better man for the place.

Lloyd George is of Welsh parentage, self educated, a ready debater and one who fought in the Boer war. He is a stranger to fear and seeks danger instead of avoiding it. He introduced the insurance act for the benefit of the aged poor. The autocracy of England is as bad as any in Europe. Recently in London a parcel of land was sold for millions but its value for assessment was that of the time of William and Mary, 28 pounds. That land question; just valuation for taxation, must be fought to a finish. You wonder why we fight among ourselves; that's all right; if we didn't we would be like Prussia.

Winston Churchill began as a soldier in the Boer war; was taken prisoner and escaped; became a free trader and joined the liberals and was made home secretary; did splendidly in the admiralty; resigned after the failure at the Dardanelles; is now a soldier in the trenches but occasionally comes in khaki to the house of commons and speaks and many there are glad to see him leave.

C. S. Must Preserve Democracy
The house of commons is a tribune of the people. When the king comes to deliver his address the door is shut in his face and his messenger knocks three times before he is admitted. There the rights of the people are guarded and the king who opposes loses his head. Let this grand country take great care to secure safe anchorage and not be swept out of the haven of democracy.

The speaker, replying to questions, told of the manner in which men are elected to the house of commons; said 3,000,000 women were doing men's work and would be reckoned as full suffrage. Asked if the country, while disagreeing among themselves was not a solid body prosecuting the war he said there was much diversity of opinion; he was unable to say if Lloyd George was the man capable for the hour. Asked if German victory in the present war would not be a severe blow to England he said England had had several severe blows.

Mrs. J. E. Underbrink of Litterberry has returned from a short Peoria visit.

INTEREST CONTINUES AT
BROOKLYN REVIVAL

"Crises of Life" Theme of Evangelist Towle Thursday Night.

Another large audience was present at the Brooklyn revival last night. Rev. E. K. Towle is the evangelist who is working with the pastor, Rev. W. W. Thoburn, in these services. The evangelist last night took "Meeting the Crises" as his theme, basing his sermon upon Luke 6, 12-19. He said in part:

"Jesus met the crises of his life on his knees. Look for a moment upon that desperate contest known as the temptation. Great issues were in the balance. The world stood convicted of sin. Failure was stamped on the brow of humanity. As saviors the patriarchs had failed. Moses and his law had failed. The prophets had admitted failure. The question before Jesus was, could he succeed? Could any one redeem the world? If so, how? Forty days and nights he wrestled with self and his problem and God. He prayed and as he prayed he made his choice.

"When deciding the great issues of life so many men leave God altogether out of the program. That's why there are so many failures in business and so many divorces. "Crises hours came in His giving and spending of energy and soul vitality. He was always giving, healing, then hurrying to the great supply house to get more power that he might give more. So many do not enjoy this religion because they do not give anything—they are too stingy. Some do not even have a smile to give away. Jesus prayed for a renewal of his vital resources, teaching us that some work cannot be done except in the strength of divine grace. A night on the mountain in prayer meant a great decision, a sweeping rebuke to sin or a careful choice of men.

"Christ lived for great things—things worth perpetuating. Do we? Does our Heavenly Father want our very own life imbedded in the conscience of the community in coming generations?"

Alumni Association Presents Pictures of Men Whose Membership in the Organization Have Been Endorsed

The In Memoriam booklet issued by Illinois College Alumni Fund association has upon the title page a picture of Sturtevant hall. It shows the building and grounds in a way which will awaken many college memories for men who were students on the hill twenty years or more since. The booklet contains pictures of early college graduates in whose honor memberships in the alumni fund organization have been endorsed.

This movement began four years ago when members of the family and friends of the late E. W. Blatchford, member of the class of 1845, decided to continue in perpetuity the annual subscription which Mr. Blatchford had maintained while he lived. This example has been followed in a number of other cases and but recently the honored name of Judge Edward P. Kirby of the class of 1854, has been added. The portraits and names which appear in booklet are Thomas C. Page, 1842; Newton Bateman, 1843; Samuel Willard, 1843; Hiram K. Jones, 1844; E. W. Blatchford, 1845; Florence E. Baldwin, 1846; William Jayne, 1847; Robert Wilkinson, 1847; G. R. Henry, 1848; Henry S. Van Eaton, 1848; Nehemiah Wright, 1849; Robert D. Wilson, 1850; James M. RETURN FROM CALIFORNIA.
Mr. and Mrs. Joseph L. Pine have returned from an extended trip thru the west. Mr. Pine speaks very highly of California and says that Los Angeles is one of the most beautiful cities he was ever in. While in Los Angeles Mr. Pine met several people who were former residents of Jacksonville. He returned to his duties as manager of the Western Union Telegraph office yesterday.

Mr. and Mrs. George DeFrates of Los Angeles accompanied Mr. and Mrs. Pine to Jacksonville and will remain here for a short visit. Mr. DeFrates was a former resident of this city and is a conductor on a railroad in California.

WILL OPEN NEW OFFICE
J. E. Bennett, head of the well known grain commission firm of J. E. Bennett & Co., of Chicago, was a business visitor in Jacksonville yesterday. Mr. Bennett's firm has had an office in Jacksonville for ten years. For some months past the business has been handled in connection with the Jacksonville Grain Co. and Mr. Bennett is now planning separate offices. He has the Hutton building under consideration. If this location is determined upon the offices will be on the ground floor.

RETURN FROM SOUTH
Mrs. I. C. Coleman, Mrs. A. E. Goltra and Miss Mabel Goltra have returned from Ft. Myer, Fla., where they have been spending the winter months. They found the season delightful and they return to Jacksonville greatly refreshed by this extended rest period.

The Duplex ALCAZAR Provides Comfort, Convenience and Economy

It Does More—It Saves Time

—ALL THE YEAR 'ROUND

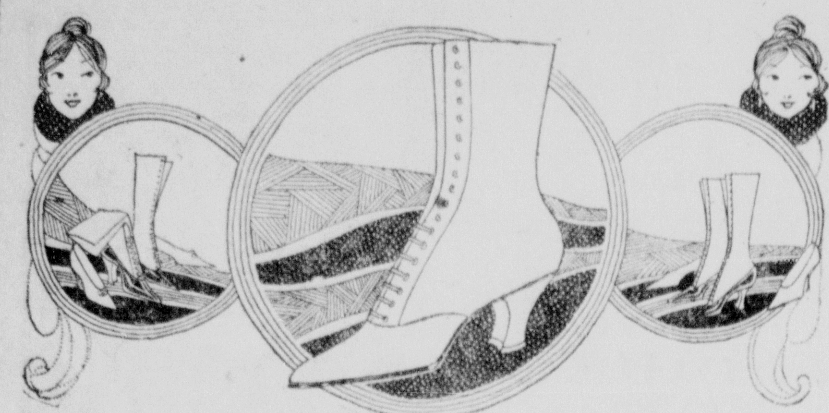

A single Coal and Wood Range is wasteful except for winter use. A simple Gas Range is wasteful except for summer use. To combine the two is ideal, and meets the demand of the Twentieth Century Home for "Comfort", "Convenience", "Economy"—All the year 'round. The Duplex Alcazar is a single range, only 43 inches long, in which Gas and Coal or Wood can be used at the same time, or separately, just as desired. It is just the range for your home.

There is nothing to lift out or interchange. Simply "pull or push a lever" at lower right hand side of range and oven is ready for use for either fuel. It is as easy as turning on or off the water faucet in a kitchen sink. It is a range that is complete in itself and provides real "Convenience". It is not a makeshift with dirty parts to pull out and leave standing around the kitchen. Such ranges are nuisances, and add worry to the troubles of neat housekeepers and the practical housekeeper will not put up with it. She does not want to be a mechanic. Her aim is to lighten—not to complicate her kitchen work. She is seeking the happiness of her home and to that end the Duplex Alcazar is in a class of its own. It constantly grows in favor, as the Twentieth Century Housewife comes to know the necessity of reserving her strength through "Comfort" and "Convenience" and the wisdom of practical "Economy."

STATE STREET CHURCH HAS ANNUAL MEETING

Reports of Officers Show All Activities Prospering and Balance in the Church Treasury—125 Attend 6:30 O'clock Supper.

Good reports from all branches of church activity were given Thursday evening at the annual meeting of State Street Presbyterian church and the report of the treasurer showed the treasury to contain a substantial balance. The business meeting followed a supper, served at 6:30 o'clock in the church parlors to 125 people under the direction of L. O. Vaughn and John B. Seibert. The Rev. R. B. Wilson, pastor of the church, acted as moderator.

Officers Elected.
William Floreth, W. S. Badger, and Dr. C. C. Cochran were re-elected to serve as elders. Other officers chosen were:

Trustees—Walter Ayers, J. K. C. Pierson and E. M. Dunlap, three years. Gates Strawn was chosen for a one year period. Billed the unpaid terms of C. R. Lewis, who recently removed from this city to Springfield.

Deacons—Edward Tomlinson, Henry Goebel, Ernest Miller and R. I. Dunlap.

Members of the music committee—Mrs. G. T. Hollinger and John L. Johnson.

Walter Ayers and F. E. Farwell were appointed by the pastor as members of the Passavant hospital committee.

Church Reports Given.

The report of the board of trustees was made by C. A. Johnson and T. M. Tomlinson spoke for the board of sessions. John B. Seibert reported for the board of deacons and F. E. Farwell presented the church treasurers' report. William Floreth reported on the past year's work in the Sunday school.

Good work was recorded by the women of the church. Mrs. W. B. Winchester recounted the activities of the Woman's Missionary society. The Ladies' Aid society report was given in three sections. Finances were treated by Mrs. John Cherry and the work of the past year was summarized by Mrs. M. F. Dunlap. "Looking Forward" was the theme of Mrs. C. A. Barnes.

Miss Carrie Dunlap made the report of the music committee. Work of the Westminster Guild of State street church was the topic of Miss Margaret Ayers.

E. M. Dunlap was clerk of the meeting. A strong spirit of optimism seemed to pervade the meeting, giving promise of a prosperous year for the church and its members.

THE BIGGEST FLAG

The Decatur Review gives the story of the biggest flag in the U. S., which is to be raised at Beech Grove Shops of the Big Four railroad. Railroad shops and other industrial concerns have been hoisting flags of immense size and the men at the Beech Grove establishment determined to outdo them all. This flag will be 6x100 feet in dimensions and will float from a pole 100 feet high. Heretofore the record for "bigness" has been held by a flag 50x100 feet floating. A big celebration is to take place when the flag is first displayed.

ADMIRAL MOORE IDENTIFIED.

There may be some of our citizens who do not realize who Rear Admiral C. B. T. Moore is. In 1860 the West Charge M. E. church, now known as Grace church, had as pastor the Rev. Jesse H. Moore. He was there a year or two, and probably went to Decatur. Mr. Moore had some children, among them being two boys, "Ed" and "Charlie." Preacher Moore went into the army as colonel of the 115th Ill. Volunteers, and became a brevet brigadier general. After the war he served two terms in congress and after this became a consul in South America, at which post he died. Now, the Rear-Admiral Moore who is to speak tonight is Gen. Moore's son Charles, and we can call him a Jacksonville boy at least in part and can be proud of the record he has made in waving the star-spangled banner in many lands, and in attaining a rank not apt to be reached without it's being earned.

FUNERAL OF MISS MUNZE HELD AT WINCHESTER

Large Company Gathered for Services in Memory of Well Known Young Lady—News Notes from Scott County.

The funeral of Miss Freda Munze occurred at the Presbyterian church Thursday afternoon at 2:30 o'clock. It was one of the largest funerals ever held in Winchester the auditorium and Sunday school room being completely filled. Rev. A. J. Rogers, former pastor of the church and now living in Fancy Prairie, was in charge assisted by Rev. O. L. Pride.

Music was furnished by a quartet consisting of Mrs. Wallace Kinison, Miss Martha Higgins, George Colling and Ray Nelson. The first number by the quartet was "One Sweetly Solenn Thought," followed by the reading of the scripture lesson and a prayer. Mrs. Kinison and Miss Higgins then sang a duet, "Saved by Grace."

The sermon by Rev. Mr. Rogers was of a very helpful and inspiring kind and contained many beautiful and comforting thoughts for the sorrowing ones. Following a prayer by Rev. Mr. Pride the quartet sang, "Sometime We'll Understand." The floral offerings were many and beautiful and were cared for by Miss Ethel Coulter, Mrs. Amelia Davis of Peoria, Mrs. Raymond Smith, Concord, Misses Mabel Riley, Mabel Violett, Dorothy Hainsfurther, Shirley Henderson and Blanche Wells. The bearers were Bart Eby, Beardstown; Clyde North, Fred Neat, Robert Allen, Harold Birk and Will Watt.

Freda Elizabeth Munze was born Oct. 24, 1894, and passed away at her home Monday evening, April 9, at 10 o'clock. Her entire life was spent in Winchester with the exception of two years at the state normal school at Macon. She attended the public schools of Winchester and graduated in the class of 1912. She united with the Presbyterian church at the age of nine years, during the pastorate of Rev. Mr. Wilkinson, and was a faithful attendant at Sunday School and church services in the years following. During the past winter she taught school near Monmouth but was compelled to return home the latter part of February on account of ill health. It was at first thought that her illness was not of a serious nature, but despite all that loving hearts and hands could possibly do, she gradually grew worse until the end came Monday evening.

Her death has brought sadness to many hearts, for her gentle, loving nature and bright smile won a place which cannot be filled. During her illness letters were received almost daily from her pupils telling of their love and appreciation and expressing the hope that she might soon return to them. She was always ready and willing to do her part, and altho she was taken while her life seemed so full of promise, her influence for good will always be felt in the home and community. She leaves her father and mother, her sisters, Anna and Bertha, and her brothers, Edward and Herman. Interment was made in Winchester cemetery.

Personal Mention.
Mrs. Jewell of Monmouth, Mrs. Wyckoff and Mrs. Scroll of Bushnell, arrived Thursday afternoon to attend the funeral of Miss Freda Munze.

Joseph Woodington returned to Winchester Wednesday night after an extended visit in St. Louis.

Mr. and Mrs. Raymond Smith of Concord are visitors in Winchester, having come here to attend the funeral of Miss Freda Munze.

M. B. Edmonson of Clayton arrived Thursday afternoon for a brief visit and will leave today for Clinton, Ill., having been called there by the serious illness of his daughter, Mrs. Thomas Suddeth, who is better known here as Miss Fannie Edmonson. She was recently taken to Clinton from her home in Winchester, Ky., in order to be under the care of her brother, Dr. George Edmonson. Her many friends here hope for a speedy recovery.

LEMONS BRING OUT THE HIDDEN BEAUTY

Make this lotion for very little
cost and just see
for yourself.

An attractive skin wins admi-
ration. In social life and in business
the girl or woman whose face and
hands show evidence of constant care
enjoys a tremendous advantage over
those who do not realize the value
of a healthy skin and a spotless com-
plexion.

At the cost of a small jar of ordi-
nary cold cream one can prepare a
full quart of the most wonder-
ful lemon skin softener and com-
plexion beautifier, by squeezing the juice
of two fresh lemons into a bottle
containing three ounces of orchard
white. Care should be taken to strain
the juice through a fine cloth so no
lemon pulp gets in, then this lotion
will keep fresh for months. Every
woman knows that lemon juice is
used to bleach and remove such
blemishes as freckles, sallowness and
tan, and is the ideal skin softener,
smoother and beautifier.

Just try it! Get three ounces of
orchard white at any pharmacy and
two lemons from the grocer and
make up a quart of this sweet-
ly fragrant lemon lotion and massage
it daily into the face, neck, arms and
hands. It naturally should help to
soften, freshen, bleach and bring out
the roses and beauty of any skin.

KANSAS STATE COLLEGE FOOTBALL SCHEDULE

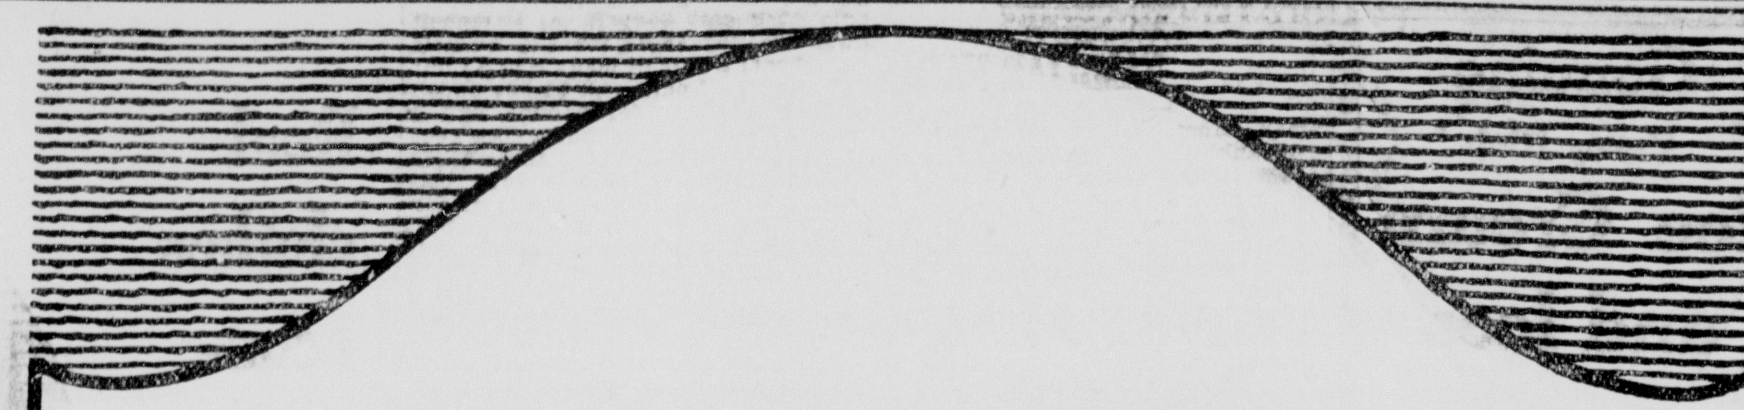

Manhattan, Kan., April 12.—Eight
football games, four of them Mis-
souri Valley conference contests,
will be played by the Kansas State
Agricultural College eleven next
fall. For the first time in the history
of the game at the institution, the
Kansas Aggies will clash with the
Iowa Aggies and with the eleven of
Washington University, St. Louis.
The schedule this year does not in-
clude a game with Nebraska.

Topeka.

DAY OF WOODEN GOLF SHAFTS NEAR

Chicago, April.—The day of the
wooden golf shaft is not passing al-
though it has been asserted of late
that the time was coming when,
from scarcity of hickory, club shafts
would have to be made of steel. Wil-
liam Burke of Newark, O., authority
on golf club shafts, says there will
be hickory twenty years from now,
and bases this statement on statis-
tics of the Hardwood Manufacturers
association of the United States,
which says that hickory is being
grown faster than it is being cut.

For proper seasoning it takes thirty
months from tree to club to produce
a suitable shaft.
Detroit, April.—The University
of the South at Sewanee, Tenn., may
oppose the University of Detroit
football eleven next fall. Athletic
Director Costello will endeavor to
bring the Southerners here for a
game either on Nov. 2 or 10. It is
regarded as certain that Sewanee
will accept a date.

5 out of 9 on a Pullman

A random test was recently made in a crowded Pullman Club Car—and it was found that, of the men who were smoking cigarettes, 5 out of 9 were smoking Fatimas.

Probably an unusually high percentage even for Fatimas; but this case is merely one of the many evidences that more and more representative men are now-a-days choosing a sensible cigarette.

They smoke Fatimas—not alone for their likeable taste—but for the common sense “man-comfort” that they find in this delicately balanced Turkish blend. Fatimas please the throat and tongue while you are smoking them—and they leave you feeling “fit” afterwards.

You don't have to think of “how many” when you are smoking a sensible cigarette like Fatima.

THE VITAL DIFFERENCE

Is That Between the Cost of

GASOLENE and KEROSENE

We Want You to Investigate the Merits of the Titan 10-20 I. H. Co. Tractor

What makes the difference in tractors—the difference that makes you decide for or against certain makes? You guard against impractical design, defective workmanship and materials—you prove by demonstration the machine's capacity for work. But the vital difference is a hidden one. It can only be brought out in actual service. It is the kind of fuel the tractor operates on day after day and what it costs you. Gasoline was once a cheap source of power for the farm. There was little demand for it, and its price was low. Now it is more in demand than any other oil fuel, and its price is prohibitive for farm power. Kerosene is cheap because it is produced in larger quantities than gasoline, and the demand for it is comparatively small. Kerosene, then, is the economical fuel for the tractor.

Not every tractor will do good work on kerosene, however. That is why manufacturers tell you that there is no saving in using kerosene—that it is dirty and inefficient.

Don't take any salesman's word that this tractor will operate on kerosene. Make him put it in writing in the order which you sign. If he is unwilling to do this, look out! There is only one way to be sure that you are getting a successful kerosene tractor and that is, to get a written guarantee, for such an agreement binds the manufacturer by law to make good.

LOCAL WOMAN HAS A FIRM OPINION

Plumber's Wife Is Con- vinced Tanlac Will Com- pletely Banish Trouble

PREVIOUS AID REASON

Good Benefits were Noticeable
Almost Immediately, Mrs.
Hosp Declares

ENJOYS SOUND SLEEP NOW

Statement after statement is now being made by Jacksonville residents regarding the merits of Tanlac, the celebrated new medicine. Mrs. Gertrude Hosp, wife of a well known local plumber of 357 East North street, is among the latest to offer praise for the Premier Preparation.

"For several years I have suffered from stomach and kidney trouble," Mrs. Hosp told the Tanlac man on April 9. "I have suffered almost continually from pains in my stomach for the last two years. The pains were especially severe after meals, and were noticeable especially in the lower part of my stomach. I was restless at night and found it very hard to sleep soundly."

"I read about Tanlac in the local newspapers and finally decided to try the new medicine. Well sir, the benefits I've derived from this first bottle have convinced me that Tanlac is the medicine for me and I intend to continue using it. I've just started my second bottle now and the pains in my stomach are much less severe. I'm not nearly so restless, either, and sleep better at night. Tanlac is helping me greatly and I know it is a fine medicine."

"Stomach and kidney troubles, such as in Mrs. Hosp's case, are often due to a catarrhal inflammation of these organs," the Tanlac man said yesterday. "Dull, throbbing headaches, pains in the stomach, loss of appetite and general debility are common ailments from which thousands suffer. Tanlac is especially designed to overcome such troubles and is doing so in innumerable cases."

Tanlac is now being introduced in Jacksonville at the Coover-Shreve Drug Co., East Side store, where a special Tanlac representative is explaining the new medicine to the public daily. Tanlac also may be obtained at the West Side store of the Coover-Shreve Drug Company. It is sold in Waverly at the Wyle Drug Co., in New Berlin at the New Berlin Drug Company, in Ashland at H. O. Brownback's and in Versailles at A. G. Bates' drug store.

THAT JAR OF MUSTEROLE ON THE BATH-ROOM SHELF

Has Relieved Pain for Every One
in the Family

When little Susie had the croup; when Johnny got his feet wet and caught cold; when father sprained his knee; when granny's rheumatism bothered her—

That jar of Musterole was right there to give relief and comfort.

Musterole is a clean, white ointment, made with oil of mustard. It will not blister like a mustard plaster.

Quick relief for sore throat, bronchitis, tonsillitis, stiff neck, asthma, neuralgia, headache, congestion, pleurisy, rheumatism, lumbago, pains and aches of the back or joints, sprains, sore muscles, bruises, chilblains, frost-bitten feet, colds on the chest (it often prevents pneumonia). Try Musterole for croupy children.

To Prevent Old Age Coming Too Soon!

(BY L. H. SMITH, M.D.)

Toxic poisons in the blood are thrown out by the kidneys. The kidneys act as filters for such poisons. If we wish to prevent old age coming too soon and increase our chances for a long life, we should drink plenty of pure water and take a little Anuric.

When suffering from backache, frequent or scanty urine, rheumatic pains here or there, or that constant tired, worn-out feeling, the simple way to overcome these disorders is merely to obtain a little Anuric from your nearest druggist and you will quickly notice the grand results. You will find it many times more potent than lithia, and that it dissolves uric acid as hot water does sugar.

A New Model Typewriter

The
OLIVER 9
The Standard Visible Writer

BUY NOW

Yes, the crowning typewriter triumph is here!

It is just out—and comes years before experts expected it. For makers have striven a life-time to attain this ideal machine. And Oliver has won again, as we scored when we gave the world its first visible writing.

There is truly no other typewriter on earth like this new Oliver "9". Think of touch so light that the tread of a kitten will run the keys.

CAUTION!

The new-day advances that come alone on this machine are all controlled by Oliver. Even our own previous models—famous in their day—never had the Optional Duplex Shift.

It puts the whole control of 84 letters and characters in the little fingers of the right and left hands. And it lets you write them all with only 28 keys, the least to operate of any standard typewriter.

Thus writers of all other machines can immediately run the Oliver Number "9" with more speed and greater ease.

17 CENTS A DAY!

Remember this brand-new Oliver "9" is the greatest value ever given in a typewriter. It has all our previous special inventions—visible writing, automatic spacer, 6½-ounce touch—plus the Optional Duplex Shift, Selective Color Attachment and all these other new-day features.

Yet we have decided to sell it to everyone everywhere on our famous payment plan—17 cents a day! Now every user can easily afford to have the world's crack visible writer, with the famous PRINTEYE, that writes like print, included FREE if desired.

TODAY—Write for Full Details and be among the first to know about this marvel of writing machines. See why typists, employers, and individuals everywhere are flocking to the Oliver. Just mail a postal at once. No obligation. It's a pleasure for us to tell you about it.

F. E. DRURY SELLS HOGS ON INDIANAPOLIS MARKET

Two Car Loads Brought Record Price of \$16.50—Average About 300 Pounds—Other Farm News Notes.

Some weeks ago F. E. Drury was offered 15c a pound for hogs he had ready for shipment. A number of his friends thought that the price was high enough to justify acceptance. However, Mr. Drury was confident that the top had not been reached and as the hogs were doing well he determined to continue feeding. Yesterday he had two loads of these hogs on the Indianapolis market. They averaged about 300 pounds in weight and brought the goodly figure of 16 1/2c a pound. When hogs are of this size they make a car load, and to these figures mean that the two car loads will bring in the neighborhood of \$6,000. They were raised on Mr. Drury's farm near Orleans and were the last of his 1916 spring pigs and less than a year old. Mr. Drury's plan of feeding which he has followed for years, is to give hogs all the corn and tankage they will eat. He uses the self-feeder system and thru the years has had results uniformly satisfactory.

The coming week Mr. Drury expects to begin loading out the cattle that he has been feeding since November 15. There are 120 head of them and he believes that they will average 1400 pounds in weight. The average was 1,000 when he began feeding. At present market prices these cattle should bring \$13.25 and the indications are for some higher levels by the time they get to the market. Ever since they have been in lots on the Drury farm these cattle have been fed four times a day, and Mr. Drury says that they have come up the fourth time for something to eat with just as good a showing of appetite as on the first feeding of each day. He has given these cattle shock corn, ensilage, linseed meal and cotton seed meal. There is a great feeding barn on the Drury farm with the lots adjoining and the cattle have made an excellent gain.

Has Planted Corn

L. H. Maul, living in the Arcadia neighborhood, is the first farmer in this locality to report corn planted. Mr. Maul has a small tract of about three acres on which he is trying this early planting plan. Usually he does not put in his corn crop until a number of weeks later than the present date. Mr. Maul also has twenty acres of wheat which looks well. He had it covered with straw for several months past and believes this method of protection is very helpful. According to Mr. Maul, wheat in most fields between this city and Virginia is in very fair condition.

Winter Wheat Prospects

Winter wheat prospects are generally very poor thruout the county. I find fields that were put in last fall under all sorts of conditions, in-variation of land, different kinds of soil, different topography of country, different dates of seeding, different varieties of wheat and various sorts of winter protection. Some fields are good and some fields worthless. The information we are gathering about these fields will throw some new light upon the precautions to be taken in sowing winter wheat to make it survive the most severe winter weather. One of the poorest fields I have

Corns Peel Right Off With "Gets-It"

2 Drops, and the Corn is a "Goner!"

When you've got to walk on the sides of your shoe, get relief from those awful corn-pains, there's only one common-sense thing to do.

Use "Gets-It" Your Corns Won't Swell in Water. Besides, They'll Shriveled, Loosen and Peel Off!

Put 2 or 3 drops of "Gets-It" on the corn right away. Pain and inflammation will disappear, the corn will begin to shrivel from that instant—then it loosens and falls right off. There's no other corn-remover in the world that acts like "Gets-It." No new discovery has been made in corn-removers since "Gets-It" was born. Don't forget that fact. "Gets-It" does away forever with the use of salves that irritate, bandages that make a bundle of your toe, plasters that half do the work, knives and scissors that draw blood. Use "Gets-It"—no more digging or cutting. "Gets-It" is sold everywhere, in a bottle, or sent on receipt of price 29c. E. Lawrence & Co., Chicago, Ill.

Sold in Jacksonville and recommended as the world's best corn remedy by Armstrong's drug store, Coover & Shreve and J. A. Obermeyer.

seen is one which was sown on Sept. 5th. One man whose seeding extended over about two weeks of time, ending up soon after October 1st, told me that his best field so far as present prospects are concerned is the last one that he sowed. I find that some men are jumping to the conclusion that late sowing was responsible for wheat not standing this winter. These instances and others like them, prove that the trouble cannot be charged to late sowing, except in the case of men who sowed unreasonably late. We have all known and recognized all along that wheat should be in the ground by about October 1st if it is going to make sufficient growth in the fall. Sowing at or just before that date allows it to escape most of the fall injury from Hessian fly.

Big Horses Scarce

Big horses are very scarce in the market. Prices have advanced about \$50 a head since early in January. There seems to have been an impression that plenty of big horses existed in the country, but anyone who is well posted in this business, knows that the really good, big horses are very scarce. One day recently, Milton Mosher of Morton sold a good 1800-pound Percheron gelding for \$275. This is a high price and shows that there is a good demand for horses of that sort. If all farmers were more careful to patronize only the best stallions we could improve our stock of horses much faster than we have been doing.

Hog Cost Accounting

Half a dozen complete records were kept the past year upon the cost of growing hogs on the farms of as many Farm Bureau members. These records were kept in special books furnished thru the Farm Bureau and we have figured up these results the past week. Measuring the price secured by the corn which was fed to the hogs, some of these men secured about \$1 a bushel for the corn, while others secured as much as \$2. The difference is due to management. The various plans by which the management was made better on some farms than on others, are revealed by these records, so it is possible for any of the men interested to see who to pattern their business after the \$2 a bushel plan instead of the \$1 plan.

MRS. WILSON TO REDUCE SCALE OF LIVING

WASHINGTON, April 12.—Mrs. Wilson, wife of the president; Mrs. Marshall, wife of the vice-president and the wives of members of the cabinet have agreed to reduce their scale of living to the simplest possible form in order to set an example to other women of the country.

To do their part in the movement of the conservation of the nation's time and resources the women of the highest official families have decided to omit the usual formal entertaining and calling, and to reduce to the minimum their social activities, so they will be able to give more time and money to constructive preparedness and relief work.

They have pledged themselves to buy inexpensive clothing, simple food and to watch and prevent all kinds of waste. Today they informally appealed to all the women of the country to join them, not only as individuals, but by organizing to prevent possible suffering later.

He has been head of the Vermont diocese since 1894.

Mr. and Mrs. J. C. Lewis were city arrivals from Ashland yesterday.

WHAT WEAK WOMEN NEED

We Have It In a Remedy Containing the Three Oldest and Most Famous Tonics Known.

Vinol contains the oldest and most famous tonics known to medicine, viz, beef and cod liver peptones, iron and manganese peptonates and glycerophosphates.

That is why Vinol is such a wonderful remedy for weak, run-down persons, feeble old people, delicate children, and to restore strength after sickness. Read this testimony.

Savannah, Ga.—"I was weak, nervous, run-down, had no appetite, and could not sleep. I had tried medicines without any benefit, and one day the nurse asked me to try Vinol. I did so and it made me feel like a new woman. It has restored my strength and I can do all my own housework. I would not take anything for the good Vinol has done me." Sarah White.

We return money in every such case where Vinol fails to benefit the purchaser.

Leo P. Allcott, druggist, Jacksonville. Also at the leading drug stores in all Illinois towns.—Adv.

Complete Line of Calendars and Advertising Novelties For All Lines of Business

From the number and size of orders received daily from our Illinois, Missouri and Iowa salesmen, we are convinced that we have the year's greatest products in our various lines. This, with mail orders pouring in from various other states, also proves that our prices and manner of doing business are more than fair. The growth of our company has been so rapid during the past few months that we have issued \$10,000 more stock, which in a few weeks will be capitalized at \$20,000. This will enable us to take care of the largest or smallest order in a quick and satisfactory manner, giving our customers the very best prices.

Too Sick To Work

Many Women in this Condition Regain Health by Taking Lydia E. Pinkham's Vegetable Compound.

Convincing Proof of This Fact.

Ridgway, Penn. — "I suffered from female trouble with backache and pain in my side for over seven months so I could not do any of my work. I was treated by three different doctors and was getting discouraged when my sister-in-law told me how Lydia E. Pinkham's Vegetable Compound had helped her. I decided to try it, and it restored my health, so I now do all of my housework which is not light as I have a little boy three years old." — Mrs. O. M. RHINES, Ridgway, Penn.

Mrs. Lindsey Now Keeps House For Seven.

Tennile, Ga.—"I want to tell you how much I have been benefited by Lydia E. Pinkham's Vegetable Compound. About eight years ago I got in such a low state of health I was unable to keep house for three in the family. I had dull, tired, dizzy feelings, cold feet and hands nearly all the time and could scarcely sleep at all. The doctor said I had a severe case of ulceration and without an operation I would always be an invalid, but I told him I wanted to wait awhile. Our druggist advised my husband to get Lydia E. Pinkham's Vegetable Compound and it has entirely cured me. Now I keep house for seven and work in the garden some, too. I am so thankful I got this medicine. I feel as though it saved my life and have recommended it to others and they have been benefited." — Mrs. W. E. LINDSEY, R. R. 3, Tennile, Ga.

If you want special advice write to Lydia E. Pinkham Medicine Co. (confidential) Lynn, Mass. Your letter will be opened, read and answered by a woman and held in strict confidence.

**WHEAT AND CORN PRICES
TAKE AMAZING FLIGHTS**
May Delivery of Wheat Rises Eleven
Cents—Close is Excited at 5 Cents
to 1 1/2 Cents. Advance—Corn
Gains 6 1/4 to 7 3/4 Cents

Chicago, April 12.—Amazing flights took
place today in prices for wheat and corn.
Demand for cash wheat was so urgent,
especially from export and milling in-
dustries that May delivery rose 11c above
yesterday's finish, the surprising al-
most 10c advance. The market closed
excited, at five cents to 9 1/2c advance,
with May at \$2.12 1/2 to \$2.18 and July at
\$1.92 to \$1.98. Corn gained 7 1/2 to 9 1/2
cents to 36c, and provisions 12c
to 32c.

Persistent buying and lack of offer-
ings characterized the wheat market ex-
cept during a brief period at the outset,
when rains in the southwest temporarily
softened the market. High prices, how-
ever, price of the day in the wheat pit
were reached in the last fifteen

WOMEN IN THE NEWS

"Old Glory" hats are the latest feminine patriotic conceit, and they look very charming on the heads of young girls. The crown is made of the flag's blue field with white stars, and the wide brim is covered with narrow alternating rows of shirred red and white ribbon. Worked out in rich satin, this up-to-the-second spring millinery "model" is not only a pretty tribute to Uncle polishing up his war moustache, but very beautiful in itself.

It is good news coming from Hawaii, to the effect that the aged former Queen Liliuokalani, who for a long time after the annexation of her island kingdom by the United States Government had been very bitter against Americans, has proudly hoisted Old Glory as her own over her palace at Honolulu, thereby showing the Kaiser that he need not hope to foment any revolution of malcontents in that quarter. Her avowed sympathies with America in its martial stand against Germany are a source of gratification to Americans on the island, as Liliuokalani, in spite of her diminished estate, still enjoys to a peculiar degree the reverence of her former subjects. She is now 78 years old, and in feeble health. It is the first time since the annexation of Hawaii in 1898 that the American flag has floated over her residence.

Lucy Page Gaston, who recently won the Board of Education of Chicago the right to introduce "clean life" clubs into the public schools, is a native of Ohio and a resident of Chicago, widely known as a reformer. She obtained her training as a reformer in the W. C. T. U. in the days when Frances E. Willard was to moving spirit of that organization. She has directed, frequently at personal danger, numerous raids against illegal saloons, gambling resorts and cigarette dealers in Chicago and elsewhere, and has agitated for anti-cigarette legislation in various states and cities. She is the editor of The Boy Magazine and other reform publications. She is an experienced advocate before legislatures, in behalf of causes in which she believes.

The war news has not sufficed to drown the interest in the coming congress of the Daughters of the American Revolution, which will elect a president general at the national gathering opening Monday, April 16, at Washington. Mrs. William Gammag Story of New York, president general since 1913, retires this year. The candidates now seeking the generalship are Mrs. George Thatcher Guernsey of Kansas, who was a candidate against Mrs. Story in 1915; Mrs. Jane Hamilton Lewis, wife of the Senator from Illinois, who is said to have the support of the present body of officers; Mrs. George Squires of St. Paul, regent of the Minnesota State Association, and Mrs. John Miller Horton of Buffalo, and a leader in patriotic and philanthropic affairs. All four women are prominent in more than a local way and count an army of supporters each. Mrs. Robert Lansing, wife of the Secretary of State, has been widely talked of as a candidate and has been pressed to run for the presidency but declined because of the extenuations of her duties at Washington.

If you want to build the F. J. Andrews Co. sells everything needed from basement to roof—best quality and fair prices.

WESTERN ASSOCIATION STARTS PENNANT RACE

Denison, Texas, April 12.—The pennant race in the Western baseball association starts today and will continue until September 3, when the final contests on the 134-game schedule will be played. Muskogee opens at Paris, Sherman at McAlester, Tulsa at Fort Smith, and Oklahoma City at Denison. More interest is shown in the initial games on the entire circuit than ever before in the history of the association. At the start of the race the clubs appear to be more than usually well matched, with all of the managers optimistic about their chances for the pennant.

J. H. Austin and family were up to the city from Nortonville yesterday. Mr. Austin expects soon to remove to Minnesota.

MOTHER! DON'T TAKE CHANCES IF CHILD'S TONGUE IS COATED

If Cross, Feverish, Sick Biliious, Clean Little Liver and Bowels

A laxative today, saves a sick child tomorrow. Children simply will not take the time from play to empty their bowels, which become clogged up with waste, liver gets sluggish, stomach sour.

Look at the tongue, mother. If coated or your child is restless, does not eat heartily, full of cold or has sore throat or any other children's ailment, give a teaspoonful of "California Syrup of Figs," then don't worry, because it is perfectly harmless, and in a few hours all this constipation, waste, sour bile and fermenting waste will gently move out of the bowels, and you have a well-playful child again. A thorough "inside cleaning" is often all that is necessary. It should be the first treatment given in any sickness.

Beware of counterfeit fig syrups. Ask your druggist for a 50-cent bottle of "California Syrup of Figs," which has full directions for babies, children of all ages and for grown-ups plainly printed on the bottle. Look carefully and see that it is made by the "California Fig Syrup

CHAPIN CLUB WOMEN ARE ENTERTAINED AT BLUFFS

Domestic Science Club Members of Bluffs Club Thursday—Rebekahs Have Regular Session—Other Chapin News Items

Chapin, Ill., April 11.—The members of the Chapin Domestic Science club were very pleasantly entertained by the Bluffs Domestic Science club Thursday afternoon. The Chapin ladies furnished the program and the Bluffs ladies the refreshments. An interesting program was rendered and a social time enjoyed.

The Rebekah lodge held a regular meeting Wednesday evening. After the business session delicious refreshments were served and a time spent in a pleasant social manner. The C. W. B. M. of the Christian church held the monthly meeting at the home of Mrs. John Rice Wednesday afternoon. There was a good attendance of members.

Union services were held at the M. P. church Sunday, and this plan will be followed while the Christian church is being remodeled.

Mrs. Ruth Funk and her cousin, Frank Redshaw of Winchester, left Saturday for a few days' visit at the home of Dr. Paul Allen of Waverly and R. T. Allen of Milledgeville.

Charles Thomason of Mercedia is moving into the Edelbrock property this week.

Mrs. Ima White was a Jacksonville visitor Tuesday.

Mrs. Oswald Conitas and daughter left Tuesday for Peoria where they will make their home.

Mr. and Mrs. William Brownlow were Jacksonville visitors Wednesday.

All Chapin business houses and a number of the residences are now displaying the flag. One on the Perdue elevator floats at a height of 90 feet and can be seen quite a distance.

The earthquake was quite noticeable here Monday afternoon.

I. C. BASEBALL SQUAD MAKES GOOD SHOWING

Coach Harmon Believes He Will Have Strong Team For Season's Play.

Coach Harmon has had his baseball squad working out for several weeks now. Practice was first started in doors but recently the men have been working out doors.

The loss of Pierce will be felt by Illinois this season. For several years Pierce has been one of the strongest players for the blue and white. He was a marvelous fielder and a hard hitter.

However, Harmon believes that he will have a well balanced team and one that will give a better account of itself than last year's team. Fanning, who was sick during most of last spring looks better than ever this year. He is showing lots of speed, good curves and control.

Gill, a newcomer, is also showing promise as a hurler. The general opinion is that he will make good. If he does it will give Illinois something she has needed for several years, a good pitcher for relief work. It is probable that if Gill delivers that Harmon will find a place for Fanning either on the infield or in the outfield as his hitting is such that he will add lots of strength to the offense.

Reiffer also is showing well this year. Last year "Riff" was troubled with a sore arm nearly all season and this handicapped his work in all departments. The other men are all working in good shape and should be much sturdier than last year. The first game of the schedule is with Carthage at Carthage on April 28. The first home game probably will be on May 12.

SHIPERS TO OPPOSE RATE INCREASE.

Chicago, Ill., April 12.—A general conference of commercial and manufacturing interests is to be held in this city tomorrow to consider what action may be deemed advisable in regard to the petition recently filed by the railroads with the Interstate Commerce Commission, asking for a general increase in freight rates. The shippers, it is said, will ask that their side of the question be heard by the commission before final action is taken.

NEW HAMPSHIRE G. A. R.

Concord, N. H., April 12.—Concord gave an enthusiastic welcome today to the Grand Army veterans of New Hampshire, assembled here for the golden jubilee encampment of their State organization. This morning was given up to the reception of the visitors and the encampment was formally called to order in representatives' hall this afternoon by Department Commander Reuben T. Leavitt. Simultaneously the Woman's Relief Corps and the Sons and Daughters of Veterans met in annual session.

CHELSEA FIRE ANNIVERSARY.

Chelsea, Mass., April 12.—It was nine years ago today that Chelsea was swept by a fire, \$17,000,000 in property was destroyed and 16,000 people were made homeless. Chelsea people who went thru the terrible experience of that day, no matter where they are living now never forget the anniversary. The city's population has now more than recovered the loss due to the fire and several million dollars beyond the amount lost has been added to the taxable property.

LOUISIANA PEDAGOGUES.

Alexandria, La., April 12.—An army of school teachers invaded Alexandria today and will remain in possession of the city until the end of the week. The occasion is the annual convention of the Louisiana State Teachers' association, the membership of which includes men and women engaged in every branch of educational work. The present meeting is notable for the many prominent educators on the program and the live importance of the subjects scheduled for discussion.

EXPENSES OVERTAKE EARNINGS

Some of the reasons which have impelled the railways to ask for advances in freight rates so soon after the most prosperous year in their history are revealed in the bulletin just issued by the Interstate Commerce Commission and the Bureau of Railway Economics, showing railway revenues and expenses for the months of January and February. Says the Railway Age Gazette, although the increases in the wages of train employees had not yet become effective and the higher cost of fuel was not fully operative in those months.

"The great prosperity indicated by the returns for the fiscal year 1916," the Railway Age Gazette says, "is vanishing rapidly. While railway earnings were still increasing slightly in February, except on the eastern roads, which showed a decrease the expenses have been increasing so much faster that the railways of the United States as a whole showed a decrease in net operating revenues in February, as they did in December, in spite of the increase in January, and the eastern roads have been showing decreases in net since last September. For the roads as a whole, the operating expenses have been increasing faster than earnings since last September. In that month the total operating revenues per mile showed an increase over September, 1915, of 12.6 per cent, but the expenses increased 13.8 per cent; in October earnings increased 10.8 per cent and expenses 11.7 per cent; in November earnings increased only 7.2 per cent, while expenses were 11.7 per cent greater; in December earnings increased 7.4 per cent, while expenses increased 12.8 per cent; in January earnings increased 14.7 per cent and expenses increased 16.5 per cent; and in February the commission's bulletin for 166 roads, operating 217,000 miles, shows revenues per mile of \$1,159 as compared with \$1,150 in 1916, expenses of \$916 per mile as compared with \$898 and net operating revenues of \$249 against \$342.

"In January, according to the bulletin of the Bureau of Railway Economics, the net operating income per mile of all the roads increased 10.6 per cent, but on the railways of the eastern district it decreased 16.6 per cent, following a decrease in December of 14.9 per cent, in November of 13.7 per cent and in October of 4.4 per cent. According to the commission's preliminary bulletin for February, the net operating revenues of the eastern roads were only \$261 as compared with \$574 in 1916. For the 166 roads covered by this bulletin, total operating revenues were \$252,488,190 as compared with \$249,610,102 in February, 1916; operating expenses were \$198,252,334 as compared with \$175,336,817, and net operating revenues were \$54,235,856 as compared with \$74,273,285 in the corresponding month of the previous year."

EAT BIG MEALS! NO SOUR, ACID STOMACH INDIGESTION OR GAS
 "Pape's Diapiesin" is Quickest, Surest Stomach Relief Known—Try It.
 Time it! Pape's Diapiesin will sweeten a sour, gassy or out-of-order stomach within five minutes.
 If your meals don't fit comfortably, or what you eat lies like a lump of lead in your stomach, or if you have heartburn, that is usually a sign of acidity of the stomach.
 Get from your pharmacist a fifty-cent case of Pape's Diapiesin and take a dose just as soon as you can. There will be no sour risings, no belching of undigested food mixed with acid, no stomach gas or heartburn, fullness or heavy feeling in the stomach, nausea, debilitating headaches or dizziness. This will all go, and, besides, there will be no sour food left over in the stomach to poison your breath with nauseous odors.
 Pape's Diapiesin helps to neutralize the excessive acid in the stomach which is causing the food fermentation and preventing proper digestion.
 Relief in five minutes is waiting for you at any drug store.
 These large fifty-cent cases contain enough "Pape's Diapiesin" to usually keep the entire family free from stomach acidity and its symptoms of indigestion, dyspepsia, sourness, gases, heartburn, and headache, for many months. It belongs in your home.—Adv.
